Vellum Design Build and the Cal Poly Architecture Department welcome you to the 14th Annual Vellum Design Build/Cal Poly Architecture Department Design Exhibition. This exhibition showcases Cal Poly College of Architecture and Environmental Design student work completed during the fall quarter of 2017. Intended to inspire creative thought and challenge participants to press the boundaries of design, this competition has produced outstanding original pieces and has given tangible experience and exposure to the industry.

**Juried Exhibition**

We are delighted to draw top names in the furniture design industry for this year’s jury:

**Scout Regalia: Makoto Mizutani + Benjamin Luddy**

Established in 2008 with Benjamin Luddy and Makoto Mizutani, Scout Regalia is a Los Angeles based, multidisciplinary design practice obsessed with the design and fabrication of space, furniture, products, and interiors. Scout Regalia can be translated to ‘humble ornament,’ an homage to finding the splendor in something simple, or celebrating the inherent design of everyday living.

**Marco Martinez Valle**

Born in San Miguel de Allende in 1977, graduated from architecture at the Technological Institute of Queretaro in 2001, finished studies of the Masters in Sustainable Architecture, Design and Construction in the University of the Environment in Valle de Bravo, Mexico in 2015. Began working independently in 2002 and founded the design and construction firm Marconville Arquitectura in 2007. He is a member of the Mexican Institute of Architects and the Central Coast AIA. Currently, he works at辛苦

**Keith Wiley**

has been with the Architecture Department at Cal Poly since 2001, during which time he has taught over 20 different courses within the curriculum, including first, second, and third year design, as well as digital applications and shop courses. Keith received his Bachelor's degree in Landscape Architecture from Cal Poly, San Luis Obispo and an MArch from the Southern California Institute of Architecture. Subsequent to his studies at SCI-Arc, he worked in the offices of Frank Gehry in Los Angeles as well as Moshe Safdie in Boston. His research interests include making in design.

**Thomas Shorey**

comes from an interdisciplinary background working nearly 10 years as a partner of Shorey Construction before returning to school to pursue his true passion, architecture. Thomas graduated from Cal Poly San Luis Obispo in 2012 with a Bachelor of Architecture and Minor in Architectural Engineering. Then he continued his education and completed a Master of Science Degree in Architecture with a concentration in Sustainable Climate Responsive Design in 2015. While attending Cal Poly, Thomas received several international design awards and was honored with the “Best of Show - Milano Grand Prize” award for his entry in Vellum 8. He is currently teaching part time at Cal Ploy San Luis Obispo in the Construction Management and Architecture Departments, as well as working full time at Garcia Architecture + Design.
