Great AGventure

Over 1,200 fourth-grade children, 45 teachers and 168 parents were in attendance this year for the Annual Great AGventure, held at the Paso Robles fairgrounds.

“We were able to teach fourth-grade children about what horsepower is and where the term comes from,” said Martha Moak, one of the BRAE students who participated in this event.

In the past 12 years more than 15,000 fourth-grade children have attended this educational field-trip. They had the opportunity to explore the industry that produces our food, fiber and flowers.

Many thanks to those who participated in the event this year!
Student Opportunities

GRID Alternatives Central Coast

Our Central Coast office is hiring for a full time Construction Manager and a full time Outreach Coordinator - come into BRAE office for the full job description handouts.

If you or anyone qualified you know is interested in either position, please be encouraged to apply or forward this opportunity to them. Applicants should apply on our website at www.gridalternatives.org - look for the Jobs link at the bottom of the home page and then the appropriate job listing under Atascadero, CA. Feel free to call Anna if you have any questions. We are looking to fill the positions as soon as possible and hopefully by the first part of November.

ASABE 1st Climate Change Symposium Abstract Deadline -- October 15, 2014

The deadline for submitting abstracts for the ASABE climate change symposium is fast approaching. It seems hardly a week goes by without some sort of climate change conference or activity. However, what will be unique about this event is the emphasis on agriculture and how we, as agricultural and biological engineers, are striving for solutions to ensure humanity has ample food, feed, fiber, clean water and renewable fuels no matter what the climate is like. To learn more or submit an abstract see: http://www.asabe.org/meetings-events/2015/05/asabe-1st-climate-change-symposium-adaptation-and-mitigation.aspx
Tutoring is available!

The Student Success Center (192-133) will be offering tutoring for ME 211, ME 212, ME 302, CE 204, & CE 207

Monday, Wednesday, and Thursday from 4:10pm-8pm
Tuesdays from 4:10pm-7pm

California Great Shake Out

Everyone, everywhere, should know how to protect themselves in an earthquake. Even if earthquakes are rare where you live, they may happen where you or your family travel.

Great ShakeOut Earthquake Drills are an annual opportunity for people in homes, schools, and organizations to practice what to do during earthquakes, and to improve preparedness.
WE INVITE YOUR APPLICATION
for Fall 2015 Graduate Fellowships
in Applied Physical, Biological,
or Engineering Sciences

5 year GRADUATE FELLOWSHIPS

APPLY ONLINE
www.hertzfoundation.org

SUBMIT APPLICATIONS BY
OCTOBER 31, 2014

APPLY NOW
FOR ACADEMIC YEAR
2015–2016

SUCCESSFUL CANDIDATES ARE
• Innovators who see challenges in new ways
• Eager to make a positive impact in the applied physical, biological, and engineering sciences
• Applying to a PhD program or are in the first year of one
• An American citizen or permanent resident

HERTZ FELLOWSHIPS OFFER YOU
• Full tuition equivalent for up to five years
• A stipend of $32,000 per academic year
• $5,000 annually for dependent childcare
• $30,000 stipend if coordinated with other 5-year fellowship
• Over 40 currently participating U.S. research universities

FIELDS OF INTEREST ARE
Astrophysics
Quantitative Biology
Biotech
Chemistry
Computer Science
Earth Science
Engineering
Materials Science
Mathematics
Physics
