

Greenswell Growers 2023 Summer Intern

Who we are:

Greenswell Growers is an innovative large-scale indoor growing facility providing delicious, safe, and healthy greens that give back to the community. We combine innovative technology, sustainable practices, and a passion for local to bring you a product you can feel good about. Our Greenhouse is in Goochland County, VA, 30 minutes west of Richmond Virginia. As a young company, we are continuously striving to build out efficient processes, and adapting to changing markets and production conditions.

Qualified Candidates:

Recent college graduate or current student pursuing a degree in the fields of horticulture, engineering, biological sciences, or a related field. **Any candidate with an interest will be considered.** Must be organized, proficient with Microsoft Excel, and able to be a self-starter. Preferred candidates will have had experience with hydroponic plant growth, mechanical repairs, data analysis, or any other applicable skillset.

Role Description:

This position reports directly to the grower and will assist with tasks related to hydroponic production of leafy greens. Additional tasks will be given by other managers in the packaging, food safety, and logistics departments. Working conditions can be hot, humid, cramped, and dirty. Any candidate must be willing to do hard, sometimes physically taxing work. This internship will take place during the Summer of 2023, for up to 10 weeks. This is a paid internship.

Responsibilities:

- Assist with greenhouse cleaning and maintenance tasks
- Conduct daily water analysis using a spectrophotometer
- Work with the Assistant grower with data collection tasks
- Work across departments to assist with any task that may come up

To Apply:

Please submit a cover letter describing your interest and applicable experience, as well as a resume to gbrennan@greenswellgrowers.com
