COME LEARN ABOUT

INTERNSHIP AND CAREER OPPORTUNITIES WITH THE STATE WATER RESOURCES CONTROL BOARD AND OTHER GOVERNMENT AGENCIES

Dorene D’Adamo
California State Water Resources Control Board Member

Thursday, Sept. 21
2:10 - 3 p.m.
38-121

Ms. D’Adamo has had a long career in government, having also served on the California Air Resources Board, the Governor’s Drought Task Force, as well as in environmental, water and agricultural legislative policy.
This course is a series of interactive seminars with speakers from government and industry covering policy and regulations affecting California agriculture. Students develop an understanding of agricultural policy while sharpening their critical thinking and leadership skills. In one key assignment, students will work in teams to develop a public presentation and position paper on a significant issue. Field trip to Sacramento required. The course is limited to 20 students, recommended by their department head/Chair and selected by the course instructor, Dr. Mark Shelton.

Prerequisites: Completion of GE Area D2 (ECON 201 or ECON 222 recommended), and junior standing.

This course is ideal for students interested in enhancing their critical thinking and leadership skills and is good preparation for those interested in careers with agricultural policy, government positions or who are thinking about law school.

If BRAE Department Students are interested in this course, please email Department Head Dr. Livingston expressing your interest and a paragraph reasoning why you are a strong choice for the course.
Join us for free pizza to learn about opportunities with Engineers Without Borders!

Wednesday, September 20th
at 7:30 PM in the ATL (Bldg 7)

For any questions, please contact: ewb.calpoly@gmail.com

All majors welcome!
PolyBuilt Quarter Scale Tractor Pull invites you to our first general meeting

6:00 pm Thursday, September 28^{th}

BRAE building 8 - Lab 4

2017
Young Women in Agriculture Career & Leadership Seminar:

Framing Your Future

JOIN US to learn from industry leaders about opportunities available to women in agriculture.

DATE: October 14, 2017 9 a.m. to 4 p.m.

LOCATION: Cal Poly University, San Luis Obispo

FOR MORE INFORMATION:

Emma: eemorris@calpoly.edu
Mady: mbraught@calpoly.edu
Hello,

I am a 7th and 8th grade teacher at Atascadero Middle School (and graduate of Cal Poly - go Mustangs!). I teach elective STEM classes with a focus on engineering, and am trying to recruit guest speakers from STEM fields to come talk to my students or do workshops/demonstrations with us. It would be greatly appreciated if you would consider donating your time to positively impact these fantastic students. Please feel free to contact me at christinaheller@atasusd.org

Thank you for your time and consideration.

Cheers!

Christina Heller-DiSanti, MA
Engineering and Study Skills Teacher
Atascadero Middle School
christinaheller@atasusd.org
