Athletes (and non-athletes) get ready! AES will be competing THIS SATURDAY in the CAFES Student Council Kick Ball Tournament! All club members are invited to come out and play.

Sign Up at: [https://goo.gl/woDS4V](https://goo.gl/woDS4V)
The event will kick off at 11:00AM in Santa Rosa Park
AES hosted the first club meeting of the 2017-18 school year last Wednesday, with over 85 students in attendance, the officer team is excited to get the year off to a great start!

A few AES Events to be aware of:

CAFES Student Council Kickball Tournament: Saturday, October 14th 11AM in Santa Rosa Park

Great Pumpkin Weigh Off: Thursday, October 19th 5:00PM in Mission Plaza

And even more to come!

If you are not already, be sure to follow the BRAE Department and Ag Engineering Society on Social Media!

PAAC is Here!
Come for fun people, free pizza, and robots
We’ve got an exciting quarter and we hope you can be a part of it!
Meetings are Thursdays 6-8 pm in room 8A-3E

8-3E (PC/Electronics Lab)

Taught by: PAAC Officers

Member of the Week
This could be you!
Do you have a friend in the club who did something cool but doesn’t want to brag? Do you have something neat to share? Let us know and we’ll put you in the newsletter!

Project of the Week
New in Ag Automation

The Technological Answer to Ireland’s Growing Dairy Industry The advance of robot milkers, a need to add value to milk, and waste management

Young Women in Agriculture Career & Leadership Seminar:
Framing Your Future

JOIN US to learn from industry leaders about opportunities available to women in agriculture.

DATE: October 14, 2017 9 a.m. to 4 p.m.

LOCATION: Cal Poly University, San Luis Obispo

FOR MORE INFORMATION:
Young Women in Agriculture Career & Leadership Seminar
Emma: eemorris@calpoly.edu
Mady: mbraught@calpoly.edu
Engineers Without Borders (EWB)

Check out our Google calendar here!

1. Sustainability Task Force is a group seeking to enhance Cal Poly's EWB Chapter through working on projects related to socio, economic, cross-generational and environmental sustainability. We want to ensure that our chapter is fulfilling its purpose of “equipping leaders to solve some of the world's most pressing challenges”.

The STF meets at 6pm every Monday in Building 10, room 225.

2. Project Meetings will be every Monday from 7:00-9:00pm!

Here are the team room locations:
EWB Crash Course: Building 10 courtyard
Fiji: 10-225
Local Projects: 33-289
Thailand: 10-227
Nicaragua: 10-124
Malawi: 38-227

2. Introducing the new EWB Crash Course designed for new members who want to learn about EWB and which teams and positions work best for them! The EWB Crash Course is optional and will be held during project team meetings from 7:00-9:00pm on Mondays for the first 6 weeks of this quarter. This week, please meet in the building 10 courtyard, which is where we met the first week! If you are late to the meeting please head to one of these rooms:

Nathan & DJ and Cayley’s Groups: 53-215
Dan and Payton’s Groups: 53-206
Jess and Carolina’s Groups: 33-287

If you are new and do not have a group yet

3. IMPACT meets every Tuesday 11:10-12:00pm in the library fishbowl 216R. IMPACT, Engineers Without Borders’ volunteering team, works with nonprofits across San Luis Obispo County to carry on the tradition of thinking globally and acting locally. IMPACT organizes volunteering events that unite EWB members and fellow Cal Poly students with local nonprofits dedicated to the community EWB Cal Poly knows and loves. In addition to future volunteering events, IMPACT is looking forward to building long term relationships in the community through a partner program between nonprofits and EWB project teams.

3. Volleyball IMs Thursday Nights at 7:30pm-8:30pm

Come support our chapter by signing up on our roster below or cheering for the rest of us on the court! There will be snacks provided so first come first serve, as spots (not just snacks) are limited. Looking forward to see you all out there!
ENTRY LEVEL SALES ENGINEER POSITION AVAILABLE

Entry Level Sales Position

Seeking People with an engineering degree who don’t want to sit in a cubicle all day AND who like to be around people.

Use your engineering degree and learn sales.

Cortech Engineering is a supplier of pumps and process equipment located in Bakersfield, California. We service the Industrial, Municipal, Oil/Gas, Refining, Food, Pharmaceutical, aggregate, mining, and military markets.

At Cortech Engineering, a DXP Company, we are passionate about what we do and driven to be the best solution for our industrial customers. Since 1908 Cortech/DXP has been dedicated to the highest quality of customer service through our expertise of the products we distribute and the technical services we perform with a sense of individual pride and company spirit. Throughout your career with Cortech/DXP, we will encourage and empower you to take an active role in identifying and driving your development, so you feel total confidence in your ability to achieve ongoing success. We aspire to be the best solution for the Industrial customers’ needs.

We will Teach the New Sales Engineer the following but not limited to:

- How to use your engineering skills to solve customer problems.
- How to apply pumps into simple and complicated systems/process.
- How to communicate well with others internally and externally, and be able to resolve unique customer issues proactively.
- Grow and maintain new and existing accounts.
- Stay up to date on latest trends in Pumps and Systems for the products we represent.
- Identifying new sales/service opportunities within the territory.
- Must be aware of the customer’s vision and supply chain initiative objectives and be proactive in the process of providing solutions.
- Ability to establish and expand relationships with decision makers within each customer organization.
- Learn to develop strategic plans and accurate forecasts for accounts.
- Modern Sales Techniques.
- How to communicate well in person and over the phone.
Come volunteer at Building An Engineer (BAE) Day!
October 21, 2017 8:00 AM - 2:00 PM

BAE Day is an event that allows middle school students to participate in a series of engineering activities and labs from the various engineering clubs on campus. The Agricultural Engineering Society teaches students about horsepower in a fun and interactive way! If you are interested in volunteering, fill out the signup sheet located in Tina’s office (8-101).

When: October 21, 2017 8:00 AM - 2:00 PM
Where: Irrigation Practice Fields (near the H-16 parking lot)
YOU’RE INVITED
