## \$2,000 TO GET IT DONE

Fresh Prints has helped over a thousand college students start their own custom apparel businesses on campus. WayUp is the go-to platform for millions of early-career professionals to explore job and internship opportunities, receive advice, and get discovered by employers. Both startups are now two of America's fastest-growing private companies.

We want to give back to the young people who have been key to our success by making life a little easier for a student. So we're giving one amazing college freshman, sophomore, or junior \$2,000 to spend on starting a business, buying books, paying tuition, or whatever other costs come with his or her education.

WHY WE'RE DOING THIS

THE DETAILS

Deadline: June 30th

Winner Announced: Two weeks after the deadline

Eligibility: must be a college freshman, sophomore, or junior in the fall of 2018 semester; can't work for Fresh Prints or WayUp.
