Ticket purchases for the 2018 AES Banquet are due FRIDAY

Manny wants to see YOU there

It’s that time of year again, to nominate your fellow BRAE department students for Personality Awards! You can nominate your classmates here: https://goo.gl/RSc5B3

Awards will be given out at this year’s AES Banquet on May 19th at the Madonna Inn. Please don’t hesitate to nominate your friends or professors, if they deserve the award they deserve to receive recognition for it.
AGRICULTURAL ENGINEERING SOCIETY

This Meeting: Design Ideas
This week we will discuss ideas for our robot’s design and begin building the base.
Engineers without Borders

Monday- Sustainability Task Force, Project Team Meetings
Tuesday - IMPACT
Wednesday - Special General Meeting!! See flyer!
Thursday - Tea Time (Cancelled)

Announcements:

Frisbee
UCLA Water Crisis Conference
LET’S PLEDGE AGAINST STRAWS!
Free Solar Installation Training

Meetings:

Sustainability Task Force: Do you want to improve EWB? Sustainability Task Force (STF) is open to everyone and is a space to identify problems in EWB and collectively create solutions to improve our club. We want to ensure that our chapter is fulfilling its purpose of “equipping leaders to solve some of the world’s most pressing challenges” by working on projects related to socio, economic, cross-generational and environmental sustainability. Monday from 6-7pm in 10-231!

Project Meetings are every Monday from 7:00-9:00pm! Feel free to try out different project teams and be sure to introduce yourselves to the PMs if you’re new to EWB!
Here are the team room locations:
Fiji: 10-231
Local Projects: 22-313
Thailand: 38-121
Nicaragua: 22-212
Malawi: 22-211

IMPACT: IMPACT, Engineers Without Borders’ volunteering team, works with nonprofits across SLO County to carry on the tradition of thinking globally and acting locally. IMPACT organizes volunteering events that unite EWB members and fellow Cal Poly students with local nonprofits dedicated to the community EWB Cal Poly knows and loves. This quarter we will be fixing up the big IMPACT board to be used next year, so come join us if you love a good art project. Email ewbimpact@gmail.com to find out when our next workday is!

Tea Time is cancelled this week, but if you have any questions or want to meet with the Prez or VP email jessicataylor8910@gmail.com

Join us THIS Wednesday for a special general meeting! EWB is hosting an open discussion concerning the implications of technology for people and planet. A summary of the discussion will be submitted to the United Nations to represent the voices and concerns of Children and Youth. This means we want AS MANY PEOPLE AS POSSIBLE, so invite your friends of all majors! This meeting counts for points, so come represent your team!!

It’s an open learning environment, but if you don’t want to discuss you can always come listen and then choose to submit a reflection in writing that will be included in our summary.

See you this Wednesday 6-7:30 in 10-227, for great convo, coffee, and treats! Here is the flyer!
Specialized Harvesting Aids
Ramsay Highlander is a manufacturer of specialized harvesting aids for the vegetable growing industry. Ramsay stands at the forefront of labor-assisting harvest technologies and has introduced numerous innovative designs at agricultural expositions. Cited by numerous trade journals and publications, Ramsay Highlander is widely known for a nationwide and international client base.

Custom Machinery
Ramsay Highlander is the recognized, industry expert in getting the most yields – per day, per season – from the labor and resources you have available. Ramsay Highlander is your first choice when researching new custom harvesting machinery. Ramsay works with you to design a harvesting system and a harvesting aid that’s built for your farm, your crop and your labor force.

Quality machines that work to make you money
Maximize your output with current technologies
Be prepared with the right equipment and the right plan… now
End up with a profitable yield

If interested in an Agricultural Engineering Internship with Ramsay Highlander, contact Dr. Livingston at paliving@calpoly.edu
