This Week's Meeting (Tuesday 2/17)
Design Planning + Presentation

Due to the long weekend, we're meeting on Tuesday this week. During this week's meeting, we'll be presenting each group's potential designs and discussing pros and cons. We will also decide on a final design and begin thinking about the materials needed to create the design.

ASABE Robotics Competition

Every year, PAAC builds tabletop robots that accomplish harvesting tasks. We recently received the tentative guidelines for this year's competition! Click below for the details.
