Company: Coast Water Solutions

Industry: Ag. Irrigation

Open Position: Sales and Design

Location: Oxnard, CA

This person will develop the knowledge and skills for sales, design and warehouse roles at Coast Water Solutions. They will start in the warehouse learning about internal processes, parts and services we provide. As soon as they are ready, they will transition to a position that fits their talents, interests and needs of the company.

This position will require an honest, hard-working, motivated person with good character.

This position will require knowledge, participation and the willingness to learn and help others.

This position will require hard work and dedication to our customers as well as the success of the company.

This position will require management of certain accounts while holding 1-on-1 personal relationships with customers.

This position will require temporary and long term projects, with a multitude of duties including product knowledge, sales skills, irrigation design and Autocad.

This position will require one to follow all safety rules and regulations as well as company policies and procedures.

This position will require a 40 hour work week with the willingness to work overtime when necessary.

Required Traits:
- Desire to learn and grow with the company
- Strong communication skills, Spanish and English.
- At least 2 years of Agricultural and/or Irrigation experience
- Ability to adapt to any situation and always do the right thing in a situation with customers.
- Computer skills including Autocad and Microsoft Office
- Cal Poly ASM or BRAE Degree and/or AGB or Irrigation Minor.
