

## **Position: Receiving Clerk**

Application Deadline: **April 30, 2023 by 11:59 PM**

Job Type: **Seasonal Employment**

Pay: **\$16.00-\$17.00/hr.**

Location: **Linden/Stockton, CA**

Tentative Start Date: **May 5, 2023**

Tentative End Date: **June 10, 2023**

A & A Dasso Farms has been a packer and shipper of cherries, walnuts and basil in the heart of the California Central Valley for over 30 years. Dasso Farms has been a grower in this region for almost 100 years providing quality produce that has been shipped domestically, within California and the Pacific Northwest, as well as internationally, including Japan, South Korea, and parts of Europe. Cherry harvest in California is a short season, starting as early as late April and finishing as late as early to mid June.

Cherry season starts anywhere from late April and finishes early to mid June. Basil will be planted and irrigated at the beginning of May and will be harvested during the end of July and into August. Walnut season starts in mid-September and finishes around the end of October.

We are west of Linden, CA, about an hour and a half east of San Francisco, an hour south of Sacramento and 15 minutes south of Lodi wine country. We will be able to work closely and show you the ropes of the industry that will ensure the best learning experience.

We are looking for a driven individual who has a passion for the agricultural industry. This candidate would also have an interest in seeing the packaging process from start to finish. The ideal candidate would put their problem solving and time management skills to the test while working within a fast paced work environment as they would be handling the beginning of the packaging process.

### ● Job Description:

- Document fruit weight as received and mark bins as received
- Confirm and sign the receipt for fruit (bill of lading) provided by driver
- Create a receipt for driver
- Calculate weights of fruit received and enter into computer
- Create historical pack out reports and correct any errors
- Check and document cold storage room temperatures
- Check and document free chlorine and Ph levels in hydrocooler water
- Make copies of fruit tags and log pages as needed
- Return daily paperwork to the office

### ● Job Requirements/Skills Preferred

- Pursuing a BS in an agricultural related major
- Excel/Google Sheets experience preferred
- Be able to lift box(es) up to 30 lbs
- Able to work in both room temperature and cold storage (32-34 degrees) environments
- Able to work long shifts during harvest, possibly work 6-7 days a week

Please apply by emailing Meghan Dasso at [dassofarms@gmail.com](mailto:dassofarms@gmail.com)
