Internship/Part time opportunity in Atascadero

Factor IV Solutions, LLC. is seeking someone with some farm/ag understanding to input data daily. This is GPS, Time and harvest activity data related to our Active RFID business. Might require some travel to central valley and Salinas. Flexible schedule, looking like 2-4 hours per day office in Atascadero.

We are using Microsoft Excel, Power BI and Agrian to match fields and plantings against food safety activities. IF you are a student that needs a small gig it might be a great fit. We have the computer and resources here. Driscoll's, Sunkist, Ready Pac, Yum Brands, Dole, Fresh Express interactions.

Contact Julie Thompson office@factorivsolutions.com (805)464-2113 to send your resume.
