

The Forest Service partners with an organization called the Great Basin Institute to get summer interns and we are looking for 2 interns to survey forest roads. It's a great gig and includes housing, June – Sept. but flexible. We are looking ASAP so encourage anyone to apply as soon as they can or contact me or Lauren Kroll at lkroll@thegreatbasininstitute.org. Interns would basically get to drive and hike around the forest looking at roads, infrastructure, etc. Its in Sonora, which is the Sierra Foothills, about 2.5 hours from the Bay Area and 2 hours from Sacramento.
