Corporation Employment Opportunities

Cal Poly Corporation is a separate entity operating in concert with the university to provide a diverse range of services and resources to students, faculty and staff. To view all available job postings visit <https://www.calpolycorporationjobs.org/>. For assistance, contact Human Resources at ext. 6-1121.

Director of Campus Dining, Campus Dining. Salary commensurate with experience.

Al Liddicoat named Interim Dean of Orfalea College of Business

Al Liddicoat, vice provost of academic affairs and personnel, has been appointed interim dean of the Orfalea College of Business, effective Jan. 1. Liddicoat will remain in this role until a permanent dean is selected through a nationwide search, which began earlier this fall. He will succeed Dean Scott Dawson, who will retire at the end of the month after five years at Cal Poly. Liddicoat has served in Academic Affairs leadership for more than 12 years, participating in strategic planning, budgeting and recruitment efforts, as well as leading CSU systemwide initiatives, including chairing the CSU steering committee for a common human resource system. He also has over 10 years of experience in private industry, working for companies including IBM and Jet Propulsion Laboratory (JPL). Liddicoat joined the Cal Poly faculty in 2002 as a Forbes Assistant Professor of Computer and Electrical Engineering, earned tenure in 2006 and full professorship in Computer and Electrical Engineering in 2008. He earned a B.S. degree in electronic engineering from Cal Poly and later his M.S. and Ph.D. degrees in electrical engineering, as well as an additional M.S. degree in industrial engineering and engineering management from Stanford University. He specializes in computer architecture and embedded systems.

Campus Health and Wellbeing Adds Gender-Affirming Care

Campus Health and Wellbeing has added gender-affirming care to its slate of available health services to students, providing an on-campus option for transgender and gender-diverse students who seek to align their physical body with their gender identity. Gender-affirming care is a basic medical service covered by student health fees with no additional co-pays or referrals required. As is the case with other campus health services, any associated prescription costs for gender-affirming care will range between \$8 and \$30 monthly. The new service takes a multi-pronged individualized and integrated approach, combining hormone replacement therapy and additional medical services like lab testing with counseling and health education support to meet the varied needs of students seeking care.

Cal Poly Establishes Office of Institutional Research, Analysis and Effectiveness

As Cal Poly maintains its commitment to make data-driven decisions and recognizes the growing demand for data reporting, availability and analysis, the university has established the Office of Institutional Research, Analysis and Effectiveness (IRA&E). The IRA&E began with the consolidation of Institutional Research and the Office of Data Management in November under the leadership of Chief Data Officer Dave Dobis. IRA&E will serve the entire campus as the central resource for data analysis, institutional effectiveness and be Cal Poly's single resource for all data requests and data reporting across campus. The office will also establish and maintain data governance, standards, stewardship, policies and procedures. The office will be responsible for the university's data management, data analysis, data reporting and institutional effectiveness studies. For more information on the Office of Institutional Research, Analysis and Effectiveness, contact Dobis at ddobis@calpoly.edu.

Annual Salary: \$101,530 with excellent benefits. Position open until filled.

Assistant Director — Wellness and

Fitness. Annual Salary: \$71,837 with excellent benefits. Position open until filled.

New Stoplight on Grand Avenue Will Regulate Traffic on Campus

Students, faculty and staff members can look forward to increased pedestrian safety and traffic flow thanks to a new stoplight that will be installed at the intersection of Grand Avenue and Pacheco Way over the academic break. Facilities Management and Development (FMD) will begin installing the light on Monday, Dec. 16, and plans to have it ready by the time school is back in session on Monday, Jan. 6. Once installed, the programming and timing of the light will be adjusted into February. The traffic signal system will better manage university traffic during peak commute times. Improvements will include adding a new crosswalk across Grand Avenue, associated accessible ramps, and updated roadway striping. Traffic-motion cameras will take into consideration vehicular traffic and bicycle traffic to ensure greater safety for all campus community members and visitors.

Catastrophic Leave

Julie Vasquez, administrative support assistant in Campus Health and Wellbeing — Counseling Services, has qualified for catastrophic leave. Those wishing to donate leave credits to help her remain in full-pay status during an extended leave of absence should contact catastrophic leave coordinator Karen Woods at ext. 6-5265 or kwoods04@calpoly.edu to request a donation form.

Campus Community Invited to Participate in Book Circles, Campus Dialogue

Several upcoming events and learning opportunities in the yearlong CPX — Cal Poly Experience — initiative are planned for winter quarter. They include:

— A distinguished guest lecture series on Jan. 23, Jan. 30 and Feb. 6, available to all campus community members via a Zoom webinar. Topics include LGBTQIA research and allyship, faculty diversification, and microaggressions and unconscious bias. Registration details will be announced in January.

— The Office of University Diversity and Inclusion (OUDI) will facilitate a campuswide dialogue from 10 to 11:30 a.m. Monday, Jan. 13, in the Advanced Technology Laboratories (No. 7). The dialogue will provide an overview of the intersections of the recommendations for diversity and inclusion put forward by the Collective Impact working groups and in CPX Final Report at <https://diversity.calpoly.edu/cpx/final-report/>. Light refreshments will be provided.

— OUDI is collecting and sharing books that were distributed at the CPX Book Bar after the campuswide Strategic Diversity Leadership Institute in October. Anyone who wants to share their book or see what books are available can stop by the OUDI office in the Administration Building (No. 1), Room 209.

— The Center for Teaching, Learning and Technology (CTLT) and Employee and Organization Development will also offer several book and learning circles in winter quarter. Learn more and sign up for CTLT Book Circles at <https://ctlt.calpoly.edu/book-circles-winter-2020>. Visit <https://afd.calpoly.edu/learn-and-grow/connect/book-circles> to view and sign up for Book Circles and Learning Circles through Employee and Organization Development.

Retirements

Mitzi Soto Watson will retire on Dec. 31 after serving the campus community as benefits analyst in Human Resources for seven years. During this time, Watson has touched many lives by applying her strong analytical and people skills to ensure employees understand their benefit options and that their needs are met. Her customer service, subject matter expertise, and tenaciousness in finding resolutions to complex benefit issues will be missed. Watson has been referred to by some employees as their “work mom” because she has taken the time to help and care for them. Watson came to Cal Poly after working for the Lompoc Unified School District, and as the office manager for Copeland Sports for 15 years. She is a CSU alumna who graduated from CSU Fullerton with a degree in business/management information systems. A key member of the benefits and human resources team, her creativity, wit, caring and humor have brightened many of their days. Watson has an exceptional talent of re-writing song lyrics to honor special occasions, such as new employees joining the team, birthdays and retirements, or simply to acknowledge someone special. The team wishes Watson happiness, joy and many days of song writing as she plays out her next adventure.
