2017-18 Outstanding Faculty Advisor Awardee Announced

The Outstanding Faculty Advisor Award recognizes a faculty member who has had a positive influence on students through academic advising. This year's awardee is Dr. Kim Sprayberry, a veterinarian and associate professor in the Animal Science Department in the College of Agriculture, Food and Environmental Sciences. As highlighted in the nominations received, Sprayberry has a great impact on the success of her students, fostering professional growth and encouraging them to strive for success both personally and academically. She will be recognized at the Fall Conference general session in September, will receive a cash stipend and will have an award citation posted in the Kennedy Library.

Procurement Services Seeking Input on Off-Campus Catering Vendors

Beginning in August, off-campus catering vendors that are registered and approved by [Procurement Services](#) will be an option for catering on-campus events. Procurement Services will start accepting applications from off-campus catering vendors in June and expects to have an approved list available in late August. The unit is now seeking input on which off-campus vendors the campus community would be interested in having available to cater an event — including breakfast, lunch, dinner, breaks and receptions. Events can be as simple as a delivery and setup or a full-service catered event. Email sbs-procurement@calpoly.edu with any suggested vendors so that Procurement Services can invite them to submit an application.

Changes to Local Calling Procedures Affect Campus Phones

To accommodate the new 820 area code, calls from campus telephones must include the 805 or 820 area code when placing a local call. As of June 2, the proper dialing procedure for local calls is 7-1-[area code]-[seven-digit number] — otherwise the campus phone system will add 1-805 to any calls that use only a seven-digit number. ITS suggests updating your campus telephone speed dials, fax machines, multi-function devices, security alarms and address books accordingly. For more information on the introduction of the new area code, visit the California Public Utilities Commission website at <http://www.cpuc.ca.gov/805areacode/>. For technical service issues, go to <https://servicedesk.calpoly.edu/>.

Mustang Mile Raises Nearly \$4,500 for Carson Starkey-Inspired Research Center

The seventh annual Mustang Mile event raised nearly \$4,500 to support Aware Awake Alive, a national prevention program founded after the hazing and alcohol poisoning death of freshman Carson Starkey in 2008. The event, held May 17, drew nearly 400 competitors in a newly revamped obstacle course at Doerr Family Field. Scott and Julia Starkey created Aware Awake Alive in honor of their son and to raise awareness about the dangers of alcohol poisoning, hazing and binge drinking through a variety of educational campaigns and programs. In 2017, the Starkey family donated Aware Awake Alive to Cal Poly to broaden its mission and evolve into a university-based research center. In turn, the university's Student Affairs division in February 2018 launched With Us: The National Network for Peer Accountability, a multi-issue bystander intervention research center.

Employment

Corporation Employment Opportunities

Assistant Supervisor, Starbucks, Campus
Dining, \$12.21-\$15.26 per hour.

Project Manager, Cal Poly Corporation
Administration, \$59,716-\$75,000 per year.

Recreation Center Announces Membership Update

The Recreation Center opened six years ago following a student referendum for a remodeled facility with additional recreational space. When voting in 2008, students chose to increase their student fees to allow for the expansion and renovation of the Recreation Center we know today. Not only did the building grow in size, but so did ASI's commitment to providing a welcoming and inclusive fitness and wellness locale for participants to recreate, relax and socialize. Since then, the facility has recorded over 7 million entries, and participants have experienced numerous amenities, social and recreational programs, and health and wellness benefits. In order to operate and maintain the cutting-edge Recreation Center and ensure member rates are consistent with the student University Union Fee, a rate adjustment for non-students will go into effect on Sept. 1, 2018. Eligible members are invited to experience the Recreation Center and its amenities free of charge during Free Rec Fridays on June 22 and 29. For more information or to purchase a membership, visit http://www.asi.calpoly.edu/recreation_center/membership or contact Membership Services at ext. 6-1366 or memberships@asi.calpoly.edu.

Spots Still Open in Summer 2018 Poly Trekker Program

The annual summer Poly Trekkers program at the ASI Children's Center still has available spots. The program is open to children who have completed kindergarten through fourth grade (6 to 10 years old). Join us for crafts, field trips, sports activities, and a good deal of fun — all while taking advantage of the experiences offered on campus. Registration is available for sessions 1, 2, 3, 6, 7, and 8. Registration ends June 15. For more information, contact Children's Center Administrative Assistant Lauren Mosley at ext. 6-1267 or mosley@calpoly.edu.

Retirements

Ellen Stier, Information Technology Services (ITS) chief of staff, will retire on June 30 after 34 years of service to Cal Poly. Stier began her career on campus as a department secretary in the Computer Science and Statistics Department in the College of Science and Mathematics. While in the Computer Science Department in the College of Engineering, she received the College of Engineering Outstanding Staff Award in 1989 and the Cal Poly Outstanding Staff Award in 1999-2000. She moved to ITS in 2006, when she was given leadership opportunities to pursue her passion for helping others grow and creating effective and efficient processes for budget, human resources and communications. Around the office, colleagues revere Stier as a devoted, innovative and compassionate leader who exudes grace and expertise in all she does. Upon retirement, Stier looks forward to traveling the country, creating barn quilts and enjoying ordinary days. An ice cream social will be held to honor Stier's accomplished career and contributions to the campus from 2:30 to 4:30 p.m. Thursday, June 21, on O'Neill Green.

Catastrophic Leave

Galen Ricard, public affairs communications specialist in College of Engineering — Advancement, has qualified for catastrophic leave. Those wishing to donate leave credits to help her remain in full-pay status during an extended leave of absence should contact catastrophic leave coordinator Cara King at ext. 6-5374 or cking29@calpoly.edu to request a donation form.

Pat Hermenegildo, administrative support coordinator in Admissions, Recruitment and Financial Aid — Financial Aid, has qualified for catastrophic leave. Those wishing to donate leave credits to help her remain in full-pay status during an extended leave of absence should contact catastrophic leave coordinator Linda Ortiz at ext. 6-1304 or lortiz01@calpoly.edu to request a donation form.
