

### **Employment**

#### **Employment Opportunities**

Cal Poly is currently transitioning to a new applicant tracking system. For all available job openings and to apply, visit [www.calpolyjobs.org](http://www.calpolyjobs.org) and [jobs.calpoly.edu](http://jobs.calpoly.edu). For assistance, call Human Resources at ext. 6-2236.

#### **#494459 — Donor Relations Events**

**Specialist** (Administrative Support Coordinator), University Development and Alumni Engagement. \$37,380-\$67,668 per year. Anticipated hiring range: \$40,000-\$55,000 per year. Open until filled.

#### **Corporation Employment Opportunities**

Cal Poly Corporation is a separate entity operating in concert with the university to provide a diverse range of services and resources to students, faculty and staff. To view all available job postings visit <https://www.calpolycorporationjobs.org/>. For assistance, contact Human Resources at ext. 6-1121.

**Lead Cook**, Campus Dining, \$15-\$21.96 per hour.

**Cook**, Campus Dining, \$15-\$18 per hour.

**Assistant Cook**, Campus Dining, \$15-\$16 per hour.

#### **ASI Employment Opportunities**

Candidates are asked to visit <http://www.asi.calpoly.edu/jobs> to complete an ASI application and apply for open positions. For more information, visit the ASI Business Office in UU 212 or call ext. 6-5800.

#### **Coordinator — Event Management.**

Annual Salary: \$53,586 with excellent benefits. Position open until filled.

#### **Director — Recreational Sports.**

Annual Salary: \$101,530 with excellent benefits. Position open until filled.

### **Campus Invited to Nov. 21 Dialogue Session to Discuss CPX Data, Next Steps**

Stop by for coffee, tea, doughnuts and conversation during a campuswide dialogue session hosted by the Office of University Diversity and Inclusion (OUDI) from 9 to 10:30 a.m. Thursday, Nov. 21, in the Advanced Technology Laboratories (No. 7). Students, faculty and staff will have an opportunity to collectively process the results of last spring's Cal Poly Experience (CPX) survey and listening sessions, and discuss the steps that need to be taken to put the data and recommendations into action. The action planning process, which will continue through spring quarter, will result in a universitywide five-year plan to create a more equitable, inclusive and diverse campus. Space for the Nov. 21 dialogue is available on a first-come, first-served basis. Faculty and staff are asked to encourage their students to attend the session. The final reports are online at <https://diversity.calpoly.edu/cpx/final-report/>.

### **Get to know Mustang Band, QL+ Projects in Cal Poly Magazine**

Have you ever wondered what it's like to march (and dance) with the Mustang Band? Or how it feels to design a life-changing prosthetic for a veteran? Or how challenging it can be to run your own startup? Mustangs past and present share their experiences in the latest issue of Cal Poly Magazine. You'll also find stories on the history of the senior project, new Mustang Athletics coaches, a scientist's new novel about climate change, and faculty advocacy for mental health resources in the LGBTQ+ community. Read articles and watch videos from this edition at <https://magazine.calpoly.edu/> or find a print copy in magazine racks throughout campus. If your department would like a few extra print copies, email [magazine@calpoly.edu](mailto:magazine@calpoly.edu).

### **License Plate Recognition is Live; Link Your Vehicle to Your Permit**

License plate recognition (LPR) went live across campus at the start of fall quarter. To stay compliant, all faculty and staff must ensure that license plate information is correct and that their vehicle is linked to an active permit. Once a vehicle is linked to an active permit, the physical permit will no longer be necessary. Transportation and Parking Services (TAPS) is collecting the physical parking permits for repurposing, and all campus community members who drop off their outdated permits in the University Police Building (No. 36) may win prizes throughout fall quarter. For more information about LPR, visit [parking.calpoly.edu/LPR](http://parking.calpoly.edu/LPR). Log onto <https://calpoly.t2hosted.com/Account/Portal> to make sure your license plate number is correct and linked to an active parking permit. All students, faculty and staff can access and update information, purchase permits, and pay or appeal citations via the parking account.

### **Distinguished Teaching Award Nominations Open Through Nov. 28**

The Distinguished Teaching Award recognizes faculty members who demonstrate excellence in teaching at Cal Poly. Only students are able to submit nominations, so faculty are encouraged to notify their students of the award. The deadline to nominate is Thursday, Nov. 28. The nomination form and more information about the award can be found at <https://academic senate.calpoly.edu/content/dta>. For more information, contact the Academic Senate office at ext. 6-1258 or at [academic-senate@calpoly.edu](mailto:academic-senate@calpoly.edu).

# Cal Poly Report

Nov. 20, 2019

---

## **Last Chance to Visit the Fall Craft Sale on Nov. 20**

The final day of the ASI Craft Center's Fall Craft Sale will be 10 a.m. to 4 p.m. Wednesday, Nov. 20, in the UU Plaza. Handmade items from students and local vendors will be available for purchase, including jewelry, art, crafts and more. For more information, contact ASI Programs Coordinator Missi Allison-Bullock at ext. 6-6342 or [mbullock@calpoly.edu](mailto:mbullock@calpoly.edu).

## **Campus Invited to Donate to Mustang Holiday Gift Drive by Dec. 6**

The Center for Service in Action (CSA) invites all students, staff, faculty and families to contribute to the Mustang Holiday Gift Drive. Campus community members can contribute by either picking up a gift tag and purchasing a gift (\$20-30 value) for a child in need this holiday season, or visit <https://crowdfund.calpoly.edu/project/18005> to donate money. The CSA will use the donations to purchase the remaining gifts at the end of the drive to ensure as many children as possible receive gifts this holiday season. To pick up a gift tag, visit one of the Giving Trees located throughout campus: on the first floor of Kennedy Library (No. 35), the second floor of the University Union (No. 65), and the CSA office in the Science Building (No. 52, Room E22). Campus members can also arrange to have a CSA staff member bring the tags to an office, staff meeting or other event by contacting Kaylee Roe at [serviceinaction@calpoly.edu](mailto:serviceinaction@calpoly.edu). Each tag represents a specific request supporting local children and families in need. Bring newly purchased, unwrapped gift items to the CSA office by Friday, Dec. 6.

## **Donate to Toys For Tots Drive Through Dec. 13**

Information Technology Services (ITS) has teamed up with the Central Coast Toys For Tots again this year for a toy drive benefiting local children in need. Now through Friday, Dec. 13, bring a new, unwrapped toy to one of the campus collection boxes to brighten a child's holiday. Collection boxes are located in the Pilling Building (No. 14) Room 115, Cotchett Education Building (No. 2), Room, 16, the south entrance of Chase Hall (No. 115), the Natatorium (No. 46), the ITS Service Desk in Kennedy Library's Hub24 Computer Lab (No. 35, Suite 114E), and the Orfaea Family and ASI Children's Center (No. 133).

## **Support Projects on Spur Change Crowdfunding Platform**

Ten projects are seeking support through Dec. 4 on Spur Change, a digital crowdfunding platform launched last year where colleges, units, programs, clubs and organizations can secure funding for projects that enhance the Learn by Doing experience. To learn more and donate, visit <https://crowdfund.calpoly.edu/>. By giving, you can help: support the Cal Poly Black Alumni Chapter's mission to build and strengthen bonds between alumni and students; help fund medical expenses for the Cal Poly Cat Program; send the Latinos in Agriculture club to a national conference; send members of the Food Science Club to professional conferences; help Imagen Y Espiritu Ballet Folklórico de Cal Poly in its effort to secure, promote, and preserve the Mexican culture; send improvised comedy team Smile and Nod to the Edinburgh Fringe Festival this summer; help Multicultural Business Program students fund the Leadership Beyond the Resume Conference; help students produce and attend TEDxSanLuisObispo; start the Garden Club farm; and send an all-female group of scientists to the World Congress of Herpetology in New Zealand.

## **Retirements**

**Christopher L. Kitts** is retiring after more than 24 years of service to Cal Poly. He will be honored with a reception from 3 to 5 p.m. Tuesday, Dec. 10, in Fischer Science Hall (No. 33), Room 385. After earning his doctorate from UC Santa Cruz, Kitts arrived at Cal Poly in September 1995, fresh off a post-doctoral appointment at Los Alamos National Laboratory. At that time, he was the first Biological Sciences Department's tenure-track hire in 17 years. Kitts taught mostly general microbiology, microbial ecology, and microbial physiology in his first decade at Cal Poly. He also developed and taught courses in proposal writing for both graduate students and seniors in his department. During this time, Kitts co-founded the Environmental Biotechnology Institute, which was renamed the Center for Applications in Biotechnology when he began as the director in 2011. In 2008, he became chair of biological sciences, taking the department through a major transition as 15 tenured faculty retired in the first two years of his stint as chair. Throughout his time on campus, he has been most recognized for his ability to make people feel welcomed, part of a team, and encouraged to fully express themselves as professionals. His proudest accomplishments are the students who stay connected and bless him with knowledge of their vibrant lives. In retirement, Kitts is looking forward to working with many more students on wild and improbable research projects as professor emeritus. For more information on Kitts' retirement reception, contact the Office of Research and Economic Development at [research@calpoly.edu](mailto:research@calpoly.edu), or the Biological Sciences Department at [biosci@calpoly.edu](mailto:biosci@calpoly.edu).
