Help Build a Better Dining Experience, Win an Apple HomePod, Electric Scooter and More

Campus Dining aims to create a better dining experience and is looking for feedback from the campus community. Creating an eclectic, on-trend dining experience is a job that takes frequent tweaking and research, and this annual fall survey is a big part of that process. Each person who completes the survey, which takes roughly eight minutes, will be entered into a sweepstakes to win one of three prizes: an Apple HomePod, an electric scooter or a Cal Poly cornhole game. Each fall Campus Dining seeks feedback from students, faculty and staff as it works to improve the customer experience, and to develop more innovative ways to deliver its products and serve the campus. The survey is open through Friday, Nov. 15, and can be accessed at <https://www.calpolydining.com/survey/>.

Retirements

Doug Gates is retiring after 39 years of dedicated service in the Robert E. Kennedy Library. He will be honored with a reception from 2 to 4 p.m. Tuesday, Dec. 3, in Kennedy Library, Room 511. Gates arrived at Cal Poly as a graduate student in 1980, and immediately started working in Kennedy Library as he pursued his second master's degree. Though he crowned his degree with a thesis on the history of Eagle Ranch, the lure of working in Kennedy Library proved inexorable, and for the next four decades he fulfilled a variety of vital roles, moving through several official classifications. His most public-facing work has been in providing reference, and Gates has been the afternoon lynch-pin of the library's reference services for the better part of this century. He has also performed yeoman service in executing much-needed maintenance of the library's physical collections. Gates' career has spanned the rapid transition from print-based resources to digital resources. More than anyone, Gates is amazed and thrilled by the much broader and easier access to information now available to students and faculty. For more information about the reception, contact Brett Bodemer at bbodemer@calpoly.edu.
