Cal Poly Universities' 71st Rose Float Entry, 'Far Out Frequencies,' Will Be Out of This World

Rose Float announced the 2019 Cal Poly Universities' Rose Float entry, "Far Out Frequencies," featuring a pair of astronauts and a handful of alien friends on another planet communicating through music. The design was the top choice, from 150 submitted entries, of the Rose Float team and their counterparts in Pomona at California State Polytechnic University. "Far Out Frequencies" celebrates the 130th Tournament of Roses Parade theme, "The Melody of Life," and music as a universal language. The Cal Poly Rose Float, the only student-built entry in the parade, has been invited to participate for 71 consecutive years. Since 1949, students from the two campuses have come together across 240 miles to produce one of only a handful of self-built floral floats for the Tournament of Roses Parade in Pasadena on New Year's Day.

Attend the Benefits Health and Wellness Fair on Sept. 26

The annual Health and Wellness Fair will be held from 10 a.m. to 1 p.m. today, Wednesday, Sept. 26, in Chumash Auditorium. Over 30 vendors are expected to attend, including representatives from health, dental and vision plans, voluntary plans, LifeMatters employee assistance program, on-campus resources, and local wellness providers. Open Enrollment is the time to make changes to your health and dental plans, to enroll in or cancel the VSP Premier vision plan and the MetLaw legal plan. It is also the time to enroll in the Health Care Reimbursement Account (HCRA) and Dependent Care Reimbursement Account (DCRA) savings plans for 2019. Participants must re-enroll in HCRA/DCRA each year. Open enrollment continues through Oct. 5, with changes effective Jan. 1, 2019. Go to <https://afd.calpoly.edu/hr/benefits/> for information and events.

Applications Due Oct. 5 for New Crowdfunding Platform

Cal Poly is launching Spur Change, a new digital crowdfunding platform where colleges, units, programs, clubs and organizations can secure funding for projects that enhance the Learn by Doing experience. Hosted and managed by Annual Giving, the Spur Change platform will give project sponsors the opportunity to use the power of crowdfunding by reaching out to networks to raise funds for their featured projects. Applicants should be able to demonstrate a time-sensitive need for funding; have project leaders who encourage participation; show a willingness to reach out to friends, family, alumni and supporters; and be able to create videos and other communication materials that be used during the campaign and sent to supporters. Examples of projects include college or department needs for student projects or competitions, campus units with urgent funding needs for programming, student clubs seeking funds to attend a competition or industry activity, or club sports teams with needs for equipment or tournament travel. Applications for fall projects are due by 5 p.m. Friday, Oct. 5. Learn more and apply at www.giving.calpoly.edu or <https://calpoly.scalefunder.com/cfund/>.

Sept. 26, 2018

Diversity, Equity and Inclusion Expert Damon A. Williams to Visit Campus Oct. 1-2

The campus community is invited to two separate events Oct. 1-2 with Damon A. Williams, a visionary and inspirational leader and one of the nation's recognized experts in strategic diversity leadership, youth development, corporate responsibility, educational achievement, social impact and organizational change. Williams is also one of the founding architects of the "Inclusive Excellence Model," a framework that helps institutions fully integrate their diversity, equity and educational quality efforts and embed them into the core of academic mission and institutional operations. Williams authored "Strategic Diversity Leadership: Activating Change and Transformation in Higher Education" and co-authored the first book ever written on the chief diversity officer role. He earned a Ph.D. from the University of Michigan Center for the Study of Higher and Post-Secondary Education, where he specialized in the area of organizational behavior and management. The campus community is invited to attend a keynote talk from 5 to 6:30 p.m. Monday, Oct. 1, in Spanos Theatre (No. 44). Williams will hold an open session with faculty, staff and students from 1:30 to 3 p.m. Tuesday, Oct. 2 in the University Union, Room 220.

Tech Checkout is Now Located in Building 46 with the ITS Service Desk

Tech checkout has moved from its location in the Cotchett Education Building (No. 2) to the Natatorium (No. 46) with the ITS Service Desk. You can rent equipment including computers and projectors at the tech checkout counter Monday through Friday from 10 a.m. to 4 p.m. Visit <https://techrentals.calpoly.edu/> for details or to reserve equipment.

Statistics Department Offers Consulting Service to Campus Community

The Statistics Department provides a statistical consulting service to the university community to facilitate research design and data analysis in a wide variety of disciplines. Consulting will be available through Friday, Dec. 7, by appointment only. Steve Rein will serve as the consultant. He is available to advise on data collection, experimental design and analysis of research projects. In addition, he will be available to lead seminars or tutorials on requested topics and offer advice on various computer packages available at Cal Poly. Faculty, staff and students interested in utilizing the consulting service can visit <https://statistics.calpoly.edu/content/consulting> for additional information, including what to bring to a consulting session. To schedule a consultation, email statconsulting@calpoly.edu

Center for Health Research Hosts New Seminar Series on Health Disparities

Don't miss the Center for Health Research's new series on health disparities, which will kick off with its first seminar at 11:10 a.m. Thursday, Sept. 27, in the Baker Center for Science and Mathematics (No. 180), Room 114. Laura Fejerman of UC San Francisco will present "Genetic Ancestry and Breast Cancer in Women of Latin American Origin." Fejerman is affiliated with the Division of General Internal Medicine's Department of Medicine at UCSF. For more information, email healthresearch@calpoly.edu.

Astronomer's Oct. 10 Talk to Explore the Discovery of Planets Outside the Solar System

Kate Follette, an astronomy professor at Amherst College, will give a presentation on the discovery of planets outside of our solar system from 7-8:30 p.m. Wednesday, Oct. 10, in the Spanos Theatre. Her exploration will include how, when and where planets form. Follette has traveled the world from Chile to Hawaii to observe planets in our galaxy using large, ground-based telescopes. She'll explain how astronomers "de-twinkle" stars to make incredibly accurate observations, including detecting the infrared waves coming from newly formed planets. Sponsored by the Cosmic Evolution Project, the talk is free and open to the public. Visit <https://evolution.calpoly.edu/exoplanets> for more details.

Retirements

After 28 years at Cal Poly, **Theresa May** will retire in early October. May has had a profound impact on Cal Poly throughout her career, starting as a data control technician in University Advancement and progressing to the director of advancement services. In 1998, May joined Information Technology Services (ITS) as the coordinator of advancement systems. For the past 20 years, May has advanced through several roles in ITS, serving as the manager of continuous improvement and director of organization development. May's work has significantly influenced enterprise IT efforts on campus by leading the second generation of the data warehouse build in 2007. She also led the Lean transformation initiative within ITS and obtained the first Lean Six Sigma Blackbelt process improvement certification at Cal Poly. In her current role as operations manager at the Cal Poly Digital Transformation Hub, May has continued to drive process improvements by building innovation processes for problem solving at public sector organizations. May has recently become an avid snorkeler and plans to spend a great deal of her retirement in the Pacific Islands. There will be a reception in her honor from 2 to 3:30 p.m. Thursday, Oct. 4, on O'Neill Green.
