

### Available From Date

The date and time a published quiz becomes available and students can access and begin a quiz.

### Time Limit (Optional)

Used to limit the total amount of time (in minutes) a student has to complete a quiz between the Available From and Until dates. **Canvas will auto-submit the quiz once the time limit is up or the Until Date passes (whichever is sooner).**

### Due Date

The date and time when the quiz must be submitted to count as an on-time submission.

### Until Date (Optional)

An optional grace period that allows students to submit after the Due date. Submissions made after the Due date but before the Until date are marked as LATE. If used, this date is a hard stop. Students can no longer start or continue the quiz.

### Example Scenario

I want students to have 120 minutes to complete a quiz anytime between 10 AM on 5/1/20 and 5 PM on 5/2/20. The quiz will be due on 5/1/20 at 4 PM and students who submit after the due date should be marked as late.

#### Available From date

May 1, 2020 at 10:00 AM

#### Time Limit:

120 minutes

#### Due date:

May 1, 2020 at 4:00 PM

#### Until date:

May 2, 2020 at 5:00 PM

Students can begin and submit anytime in this frame

On-time submissions

Submissions marked as LATE

Can no longer submit
