SFI PROPOSAL RUBRIC 2018/19

Note: The judging of each proposal will inherently be subjective to a certain extent. This rubric is meant to give applicants information on the main criteria used for proposal evaluation.

Proposals must be submitted for projects/events taking place during the respective quarter or early the following quarter (or summer, if applying during Spring term).

| Category | Description | Comments from SFI Committee |
|----------------------------------|--|-----------------------------|
| Benefit | How many CE/ENVE students will benefit? How many non-CE/ENVE students will benefit? Do all CE/ENVE students have the opportunity to participate in this activity if they choose? | |
| Growth | Will SFI funds allow the club/organization to grow or support a valuable student growth opportunity? | |
| Longevity | How long will this proposal continue to benefit students? | |
| Quality of Application and Pitch | Are the application and budget clear and concise and is the pitch well-prepared and persuasive? | |
| Other Sponsors | Have other potential sponsors been contacted and/or has the group secured additional sources of funding? | |
