

Making the MOST of Modeling

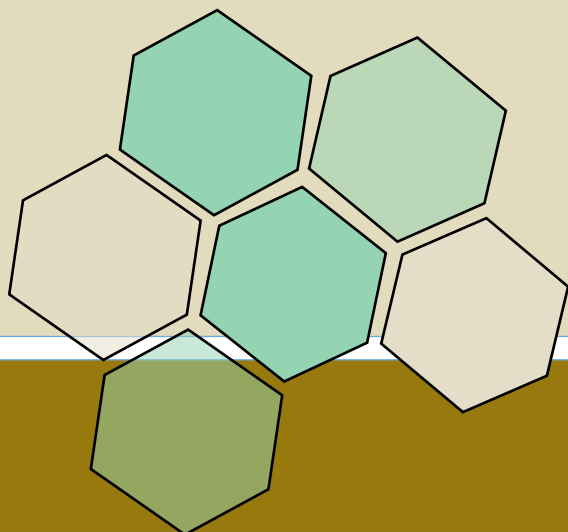

The Cal Poly Center for Excellence in STEM Education (CESAME) and The Teacher Quality Partnership Grant (TQP) are pleased to offer a 3-day Lesson Study professional development event for local secondary and middle school STEM teachers who have participated in Modeling PD.

Building off of 3 summers of Modeling professional development, this event is intended to support a deeper understanding of Modeling concepts and provide space for teachers to collaboratively develop Modeling lesson plans for implementation in the 2016/2017 AY.

- ◆ Collaborate with other Modelers
- ◆ Define researchable questions around your teaching through Modeling
- ◆ Work with others to improve Modeling skills
- ◆ Prepare for your Fall curriculum
