Zoom link](#)

- The San Mateo RCD, along with partners at NRCS and TomKat Ranch, invite you to join us in a webinar and discussion about advancing Regenerative Agriculture and Conservation Planning in California.
- This webinar will support technical assistance providers across the state in their ability to help agricultural producers effectively adopt regenerative practices.
- Presenters include Drew Loganbill (NRCS), Wendy Millet (TomKat Ranch), Lynette Niebrugge (Carbon Cycle Institute), Wendell Gilgert and Chelsea Carey (Point Blue Conservation Science).
- Topics will include: NRCS Conservation Planning, Carbon Farm Plans, Making Observations, Adaptive Management, and Regional Case Studies.

Email eliza@sanmatorcd.org if you have any questions.
