Ranch*

Marc Horney
Cal Poly

Grey Hayes
*Swanton Pacific
Ranch*

Baker Building, 180-101

Cattle at Swanton Pacific Ranch and throughout California are helping to reduce fire risk, restore rare grasslands, feed people, and providing future generations with stewardship-related livelihoods in biologically rich, rural areas.
Dr. Grey Hayes, restoration ecologist

Join Us:

- Presentations and a lively discussion about the importance of cattle management for restoring wildlife habitat and providing a safer future for Californians.
- Speakers will discuss the growing movement for conservation grazing, including information about opportunities for learning, research, and teaching at Cal Poly's Swanton Pacific Ranch.

Join us for more...after presentation field tour:

- Ranch tour and barbecue at Cal Poly's Escuela Ranch
- 4 - 6:30P.M. tour/barbecue **RESERVATION REQUIRED!**
