

SAFER PRESENTS

# Sexual Liberation?

## Living at the Intersections of Race, Class and Gender

This workshop will dissect the concept of sexual liberation, freedom and privilege—specifically how it interacts with race, class and gender. What does sexual liberation look like when we often witness a predominantly white, heterosexual, male-dominated, anti-trans culture?

**Ignacio G Hutía Xeiti Rivera (they/them)** is a cultural sociologist with expertise in sexual trauma and healing for marginalized populations.

Tuesday, April 13th

4:00 PM - 5:00 PM
