NEW CLUB SPORT ADMITTANCE
CAL POLY CLUB SPORTS

ADMITTANCE TO CLUB SPORTS COUNCIL (PER SECTION E OF CLUB SPORTS COUNCIL BYLAWS)

I. Groups interested in being admitted as a Club Sport Team recognized under the Club Sports Council must contact the Club Sports Coordinator.

A. Teams interested in being part of the Club Sports Council for one year will demonstrate their involvement and commitment to the program as a whole by following Club Sports guidelines (as stated in these bylaws), attending Club Sports sponsored events, and by demonstrating their ability to competitively run their program.

B. In the spring quarter, at a Club Sports Council meeting, teams will present on the history of their group, how they have demonstrated their commitment to the Club Sports Program and how their future involvement will enhance the program for Cal Poly students. The Club Sports Council voting member teams will all cast one vote either approving the inclusion of the new team or not.

   1. Member teams should consider available resources (e.g., practice space and funding) when making a decision as to if a group should be admitted into the Club Sports Council.

   2. The Club Sports Coordinator will consult with Cal Poly personnel to ensure the group meets risk guidelines set forth by the University and the California State University.

II. Refer to the ASI grant funding guidelines for further requirements groups must meet to qualify for ASI funding and therefore to be eligible to be a member of the Club Sports Council.
