The Frost Center project was a main event on the Cal Poly campus with many in leading and supporting roles. In addition to the Frost, Boswell and Cashin families, the cast included many generous donors, talented contributors and diligent employees. We would like to acknowledge and sincerely thank each of them!

The Frost Center has received the following design awards to date:
- AIA Oregon Honor Award, 2023
- American Concrete Institute, Southern California Chapter 2023 Mid-Rise Buildings Award

“Working with Ted and ZGF, first on the Baker Center and now on the Frost Center has been a highlight of my career. Both buildings have profoundly transformed our campus.”
~PHIL BAILEY

“Derek was central to the Frost Center’s programming by spearheading the unique organization of spaces, allowing for collaboration of faculty and students across colleges that would not have happened otherwise.”
~DEAN WENDT

”Carla’s unwavering leadership was instrumental in making the Frost Center a reality.”
~DOUG BREWSTER

“Doug’s leadership and work was invaluable to the Bailey College and this project. His work also greatly benefited the Cal Poly Facilities’ Planning and Capital Projects team, the architects and the construction team.”
~DEREK GRAGSON
