Internship and Senior Project Application

Cal Poly Safer strives for excellence in order to enhance the student experience and impact the climate at Cal Poly. Safer offers many opportunities for students looking for internships and senior projects under our two main areas of focus: education and crisis services. Safer provides internships and senior project opportunities for students looking to present and develop educational presentations, work with crisis services, plan and promote events, and assist in social marketing campaigns. Safer often hires from their senior project and intern pool for staff positions.

Along with this application, please submit a resume.

Name: _____ Email: _____@calpoly.edu

Phone: _____ Expected Graduation Date: _____

Major: _____ Minor: _____

Concentration/future career goals: _____
