Club Sports Council Meeting

Agenda

Committee, event management committee. Marketing and promotion will be huge, large group (10-12 possibly). Sponsorship is second largest, solicitation letter, being able to hear no’s before hearing a yes, basketball area near turf fields for hangout, food, and registration and check in, maybe vendors. Event management will be helping on the day of, handling registration process, go through Conference and Event planning, and customer service: scheduling, parking, logistics; providing good service means an even better next year. Sign up application to email to club sports teams to be on the committees. Over holiday, send things committees should be tasked with to Phil. Goal is 64 teams, 6-10 people/team, price point hopefully $100, IM leagues, pick up dodgeball in SLO, so participants right there. Make sure there are tasks immediately ready for committees to take on. Council will be leading this event, interact with chair of each committee, and will select the members of these committees.

    - John Griffin, maybe wants to present at the next meeting.
