Please note: this flowchart is one example of how students can graduate in 2 years. Some transfer students need longer than this.

We encourage students to use this as a tool in creating their own unique quarter by quarter graduation plan.

This Transfer Student Flowchart assumes equivalents for the courses below have been transferred to Cal Poly. Anything not transferred, needs to be added to this flowchart, which may result in an additional quarter/s. Check your DPR to verify credit:

- MATH 141
- MATH 142
- MATH 143
- MATH 241
- MATH 244
- PHYS 141 and PHYS 132/142 and PHYS 133/143 or CHEM 124 and CHEM 125 and CHEM 126

- GE AREA A2
- GE AREA A3
- GE AREA C1
- GE AREA LOWER-DIVISION C
- GE AREA D1
- GE AREA D ELECTIVE
- GE AREA F

Notes:
- * Refer to current catalog for prerequisites.
- ** Refer to the catalog for GE course selection, United States Cultural Pluralism (USCP) and Graduation Writing Requirement (GWR).
- USCP requirement can be satisfied by some (but not all) courses within GE categories: C1, Upper-Division C, D1, D Elective, or E.
- *** Refer to your catalog for course selection.
- 1 Consultation with advisor is recommended prior to selecting approved electives; bear in mind your selections may impact pursuit of post-baccalaureate studies and/or goals. A total of 20 technical elective units selected from upper-division and graduate CSC and CPE courses open to those in the major and not otherwise required by the major. An additional 4 units of CPE/CSC technical electives may substitute for CSC 123 in major requirements.
- 2 Any GE C2 will count for PHIL 230/231 if taken before transferring to Cal Poly.

^Semester transition starts Fall 2026.

Support and guidance will be provided during the transition to ensure you graduate as planned.
