

B.S. in GENERAL ENGINEERING
(Individual Course of Study Concentration)
Suggested 2-Year Academic Flowchart for Transfer Students

Please note: This flowchart is one example of how students can graduate in 2 years. Many times transfer students need longer than this. We encourage students to this use as a tool in creating their own unique quarter by quarter graduation plan.

Notes:

MOST GENERAL EDUCATION COURSES CAN BE TAKEN IN ANY ORDER AS LONG AS PREREQUISITES ARE MET

¹Students with an approved individualized course of study may substitute CSC 231 (2 units) plus an additional 2 units of other advisor approved coursework for CSC/CPE 101 (4units)

³Refer to your current catalog for course selection. Physical Science Electives total 4 units.

⁴ ENGR 459, 460, 461 (6 units) or 6 units of Senior Project in appropriate engineering discipline.

* Refer to your current catalog for prerequisites.

**Refer to online catalog for GE course selection, United States Cultural Pluralism (USCP) and Graduation Writing Requirement (GWR).

*** Individual Course of Study (ICS) form required and should ASAP. ICS courses should total at least 40 units (a minimum of 29 units need to be 300-400 level).
