

January 26, 2012

Good morning y'all,

Please consider the following that we will discuss for today's curriculum meeting. An agenda will include these items. We need everyone to attend the full meeting. Please arrive no later than 1:40 and do not plan on leaving until 2:55 at the earliest. We will be meeting in 11-210.

To cover -

1. The attached curriculum WTUs sheet.
2. Proposal to combine RPTA 252 and RPTA 205.
3. Proposal to add RPTA 412/321 to the core. Requirement of two units of RPTA 412/321 for every student. (I took the liberty to add 321 since it provides the same function as 412 and would increase our ability to address trends more quickly, I hope yesterday's group does not mind).
4. Proposal to drop RPTA 461. Is the senior project committee okay with this?
5. Proposal to add one seminar unit to RPTA 463, add e-portfolio and possibly other content to course.
6. Already approved to combine RPTA 350/342.
7. Proposal to increase RPTA 301 and RPTA 221 to two seminar units each.
8. Where can we reduce concentration courses?
9. Review of responsibilities for curriculum packet.
