**Current Vacancies:** CAED and OCOB

### MINUTES

*The meeting began at 2:15 p.m.*

#### **A. Welcome and Announcements**

1. Samuel introduced Jolene Girtten, Program Improvement Coordinator for Academic Programs and Planning, to the Board and Jolene and Bethany briefly introduced themselves.

#### **B. NSSE writing and cultural diversity modules to GE PLO maps**

1. Samuel framed the conversation around a few questions.
  - i. What does the Board want him to show Academic Programs in a meeting on Wednesday? Do we want one column or several? Should there be one or two PLOs, or can it be three or four?
  - ii. Which students could we focus on? First-year students are typically blocked scheduled into GE courses. For the NSSE, first-year and seniors are able to complete the survey.
2. The Board discussed the module to GE PLO maps.
  - i. The Board is concerned that the responses about coursework will reflect courses that are not GE, even first-year students who take major courses.
  - ii. The Board is concerned that the responses are student perceptions and not direct assessments of the PLOs. This data should be supplementary to other GE assessments.
  - iii. Jolene indicated that Dawn and Krista have writing artifacts that could be useful for direct assessment.
  - iv. The Board will not complete the primary NSSE survey to GE PLO maps at this time.
  - v. The Board will not summarize the module to GE PLO maps at this time.

**CAL POLY**

**General Education Governance Board**

*March 5, 2025 / 2:10 p.m. – 4:00 p.m.*
