GEGB Chair Position

Current Chair’s term is nearing its end.

According to the Academic Senate Bylaws, “The GEGB chair will serve four-year terms. The GEGB chair 18 will be appointed by the Provost following a recommendation from the Academic Senate Executive Committee and the GEGB.”

The new chair should be prepared to continue the work of program-building, so we need a robust pool of candidates. Continuity at this time is important. Will be part of the discussion when the time comes.

Course in Workflow: WLC 280

The course attempts to address a gap in which students at Cal Poly do not receive GE credit for some Cal Poly study abroad courses, but students do receive credit for non-Cal Poly programs.

Creating one course may not be the best mechanism to level the playing field. Better idea may be to follow GEGB recommendation in 2016 to create several courses that could mirror the others, if needed. The courses could have different titles and numbers. Possibly bring in the outside/study abroad courses and have them be the newly numbered ones.

Brenda will meet with stakeholders to figure out a way to make it equitable for all students.

Area F / B 5 Memo

The group discussed the draft of the memo. Will continue discussion at upcoming meetings.
