Senate Resolution to Migrate Area D4 to Area E

D4 similar to CSU Area E. Been a source of confusion over the years. Resolution can be presented to Academic Senate if ready by May 14.

Vote to move Resolution forward

In Favor = 5

Opposed = 0

Abstention = 0

Draft of GE Task Force Recommendations

Recommendations seem unclear, expensive

Doesn’t appear to be a vision

How do you layer GE pathway courses with needing to take major support courses first two years? Too many courses to try and fit into a schedule. Could be done at upper division GE level.

Linked courses that are cohort-based could work in first two years because of block scheduling.

Current courses being taught could be “winners” or “losers” if they are seen as relevant to a pathway or not.
