

## Splash @ Cal Poly Club Information

### Club/Leadership Opportunity:

Splash @ Cal Poly is one of many university chapters across the nation whose mission is to engage high school students in an educational setting with classes taught by college students on literally anything.

Our main event, Splash, is held once a year during Spring quarter. During Splash, Cal Poly students will be teaching classes, local high schoolers will be attending, and the admin team will be in charge of organizing it all.

### Perks of joining the admin team:

- Leadership position with low time commitment
- Organize an event from start to finish for a good cause
- Gain marketing, outreach, and communication experience
- Connect with students of all ages to spread the love of learning + teaching
- And more!

We are recruiting admins right now! Fill out the google form below if you are interested. Apply with your friends to make it even more fun!
