

STAY SAFE. STAY GROUNDED.

Falls can cause severe injury or death

PREVENT BROKEN BONES, HEAD TRAUMA, SPINAL INJURIES AND FATALITIES

- Leave safety features — guardrails, screens and barriers — in place.
- Never climb or lean on windows or ledges.
- Never climb up or jump off exterior building walls.
- Don't break windows or remove screens to get into your space.

Locked out? Go to your community front desk for loaner or replacement keys.

Submit a maintenance request to report missing or broken equipment.

Tampering violates housing policy and can result in disciplinary action and damage charges.
