FALL 2017

Through 8/4/2017 (End of Block Registration)

The "Registration Monitor" report shows preliminary enrollment information based on registration activity at specific points in time prior to the official census date. The current data is compared to data from the same point in time in previous years to show a point of reference for monitoring. Enrollment data for Fall 2017 will not be final until early November.

Projections are calculated based primarily on enrollment at the same point in time in the registration process from the most similar previous three years with more emphasis placed on more recent years. Due to variations in registration behavior from year to year, projections should only be considered **indicators** rather than predictors of final enrollment.
