## ENROLLED BY ETHNIC ORIGIN

Note: As of summer 2009, Cal Poly converted to the new federal standards for collecting and reporting ethnicity. Among the changes is a new option for students to identify themselves in multiple races. Because of the new "multi-racial" category, we no longer aggregate students into a "non-white" category.

## HEADCOUNT BY GENDER

While not represented in the above chart, 17 students reported non-binary gender.
