2022	316	36.4%	44.6%	81.0%						
2023	338									

*The graduate cohort is defined as full-time, first-time, degree-seeking graduate student who entered in the fall term or enrolled in the immediately preceding summer term. This cohort includes students in the Blended B.S./ M.S. degree program (BM S), also known as the 4+1 program. Students in the BMS program are considered graduate students once they submit a Formal Study Plan (graduate) and are accepted into the program. In addition, deceased students and students who left for military service are allowable exclusions; therefore, persistence rates are calculated on a revised cohort that may be slightly lower than the original cohort.

^One-year retention and graduation rate includes students who graduated within one year.
