G0. Please provide the URL of your institution’s net price calculator: http://www.csumentor.edu/finaid/pais/

Provide 2014-2015 academic-year costs of attendance for the following categories that are applicable to your institution.

☐ Check here if your institution's 2014-2015 academic-year costs of attendance are not available at this time and provide an approximate date (i.e., month/day) when your institution's final 2014-2015 academic-year costs of attendance will be available:

G1. Undergraduate full-time tuition, required fees, and room and board: List the typical tuition, required fees, and room and board for a full-time undergraduate student for the FULL 2014-2015 academic year (30 semester hours or 45 quarter hours for institutions that derive annual tuition by multiplying credit hour cost by number of credits). A full academic year refers to the period of time generally extending from September to June, usually equated to two semesters, two trimesters, three quarters, or the period covered by a four-one-four plan. Room and board is defined as double occupancy and 19 meals per week or the maximum meal plan. Required fees include only charges that all full-time students must pay that are not included in tuition (e.g., registration, health, or activity fees). Do not include optional fees (e.g., parking, laboratory use).

H. FINANCIAL AID

Please refer to the following financial aid definitions when completing Section H.

Awarded aid: The dollar amounts offered to financial aid applicants.

Financial aid applicant: Any applicant who submits any one of the institutionally required financial aid applications/forms, such as the FAFSA.

Indebtedness: Aggregate dollar amount borrowed through any loan program (federal, state, subsidized, unsubsidized, private, etc., excluding parent loans) while the student was enrolled at an institution. Student loans cosigned by a parent are assumed to be the responsibility of the student and should be included.

Institutional scholarships and grants: Endowed scholarships, annual gifts, and tuition-funded grants for which the institution determines the recipient.

Financial need: As determined by your institution using the federal methodology and/or your institution's own standards.

Need-based aid: College-funded or college-administered award from institutional, state, federal, or other sources for which a student must have financial need to qualify. This includes both institutional and noninstitutional student aid (grants, jobs, and loans).

Need-based scholarship or grant aid: Scholarships and grants from institutional, state, federal, or other sources for which a student must have financial need to qualify.

Need-based self-help aid: Loans and jobs from institutional, state, federal, or other sources for which a student must demonstrate financial need to qualify.

Non-need-based scholarship or grant aid: Scholarships and grants, gifts, or merit-based aid from institutional, state, federal, or other sources (including unrestricted funds or gifts and endowment income) awarded solely on the basis of academic achievement, merit, or any other non-need-based reason. When reporting Questions H1 and H2, non-need-based aid that is used to meet need should be counted as need-based aid.

Note: Suggested order of precedence for counting non-need money as need-based

1. Non-need institutional grants
2. Non-need tuition waivers
3. Non-need athletic awards
4. Non-need federal grants
5. Non-need state grants
6. Non-need outside grants
7. Non-need student loans
8. Non-need parent loans
9. Non-need work

Non-need-based self-help aid: Loans and jobs from institutional, state, or other sources for which a student need not demonstrate financial need to qualify.

External scholarships and grants: Scholarships and grants received from outside (private) sources that students bring with them (e.g., Kiwanis, National Merit scholarships). The institution may process paperwork to receive the dollars, but it has no role in determining the recipient or the dollar amount awarded.

Work-study and employment: Federal and state work-study aid and any employment packaged by your institution in financial aid awards.
### Aid awarded to enrolled undergraduates

**H1. Enter total dollar amounts awarded** to enrolled full-time and less-than-full-time, degree-seeking undergraduates (using the same cohort reported in CDS Question B1, “Total degree-seeking” undergraduates) in the following categories. (Note: If the data being reported are final figures for the 2012-2013 academic year [see the next item below], use the 2012-2013 academic year's CDS Question B1 cohort.) Include aid awarded to international students (i.e., those not qualifying for federal aid). **Aid that is non-need-based but that was used to meet need should be reported in the need-based aid column. (For a suggested order of precedence in assigning categories of aid to cover need, see the entry for “Non-need-based scholarship or grant aid” on the last page of the Definitions section.)**

Indicate the academic year for which data are reported for Items H1, H2, H2A, and H6 below:

- [ ] 2013-2014 estimated
- [x] 2012-2013 final

Which needs-analysis methodology does your institution use in awarding institutional aid? *(Formerly H3)*

- [ ] Institutional methodology (IM)
- [ ] Both FM and IM

I. INSTRUCTIONAL FACULTY AND CLASS SIZE

I1. Please report the number of instructional faculty members in each category for fall 2013. Include faculty who are on your institution’s payroll on the census date your institution uses for IPEDS/AAUP.

The following definition of full-time instructional faculty is used by the American Association of University Professors (AAUP) in its annual Faculty Compensation Survey (the part-time definitions are not used by AAUP). Instructional faculty is defined as those members of the instructional-research staff whose major regular assignment is instruction, including those with released time for research. Use the chart below to determine inclusions and exclusions.

**Full-time instructional faculty:** Faculty employed on a full-time basis for instruction (including those with released time for research).

**Part-time instructional faculty:** Adjuncts and other instructors being paid solely for part-time classroom instruction. Also includes full-time faculty teaching less than two semesters, three quarters, two trimesters, or two four-month sessions. Employees who are not considered full-time instruction faculty but who teach one or more nonclinical credit courses may be counted as part-time faculty.

**Minority faculty:** Includes faculty who designate themselves as black, non-Hispanic; American Indian or Alaska native; Asian; Native Hawaiian or other Pacific Islander; or Hispanic.

**Doctorate:** Includes such degrees as doctor of philosophy, doctor of education, doctor of juridical science, and doctor of public health in any field such as arts, sciences, education, engineering, business, and public administration. Also includes terminal degrees formerly designated as “first professional,” including dentistry (DDS or DMD), medicine (MD), optometry (OD), osteopathic medicine (DO), pharmacy (PharmD or BPharm), podiatric medicine (DPM), veterinary medicine (DVM), chiropractic (DC or DCM), or law (JD).

**Terminal master’s degree:** A master’s degree that is considered the highest degree in a field; for example, M.Arch (in architecture) and MFA (master of fine arts in art or theater).

**12. Student-to-faculty ratio:** Report the fall 2013 ratio of full-time equivalent students (full-time plus 1/3 part-time) to full-time equivalent instructional faculty (full-time plus 1/3 part-time). In the ratio calculations, exclude both faculty and students in stand-alone graduate or professional programs such as medicine, law, veterinary, dentistry, social work, business, or public health in which faculty teach virtually only graduate-level students. Do not count undergraduate or graduate student-teaching assistants as faculty.

Fall 2013 student-to-faculty ratio: **19** to 1 (based on **19,085** students and **998** faculty).
I3. **Undergraduate class size:** In the table below, please use the following definitions to report information about the size of classes and class sections offered in the fall 2013 term.

**Class Sections:** A class section is an organized course offered for credit, identified by discipline and number, meeting at a stated time or times in a classroom or similar setting, and not a subsection such as a laboratory or discussion session. Undergraduate class sections are defined as any sections in which at least one degree-seeking undergraduate student is enrolled for credit. Exclude distance-learning classes and noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Exclude students in independent study, cooperative programs, internships, foreign language taped tutor sessions, practicums, and all students in one-on-one classes. Each class section should be counted only once and should not be duplicated because of course catalog cross-listings.

**Class Subsections:** A class subsection includes any subsection of a course, such as laboratory, recitation, and discussion subsections, that are supplementary in nature and are scheduled to meet separately from the lecture portion of the course. Undergraduate subsections are defined as any subsections of courses in which degree-seeking, undergraduate students enrolled for credit. As above, exclude noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Each class subsection should be counted only once and should not be duplicated because of cross-listings.

Using the above definitions, please report for each of the following class size intervals the number of class sections and class subsections offered in fall 2013. For example, a lecture class with 800 students who met at another time in 40 separate labs with 20 students should be counted once in the “100+” column in the Class Section table and 40 times under the “20-29” column of the Class Subsections table.

J. Disciplinary Areas of DEGREES CONFERRED

Degrees conferred between July 1, 2012, and June 30, 2013

For each of the following discipline areas, provide the percentage of diplomas/certificates and associate and bachelor’s degrees awarded. To determine the percentage, use majors, not headcount (e.g., students with one degree but a double major will be represented twice). Calculate the percentage from your institution’s IPEDS Completions by using the sum of first and second majors for each CIP code as the numerator and the sum of the GRAND TOTAL BY FIRST MAJOR and the GRAND TOTAL BY SECOND MAJOR as the denominator. If you prefer, you can compute the percentages using first majors only.

♦ All definitions related to the financial aid section appear at the end of the Definitions document.

♦ Items preceded by an asterisk (*) represent definitions agreed to among publishers that do not appear on the CDS document but may be present on individual publishers’ surveys.

*Academic advisement: Plan under which each student is assigned to a faculty member or a trained adviser who, through regular meetings, helps the student plan and implement immediate and long-term academic and vocational goals.

Accelerated program: Completion of a college program of study in fewer than the usual number of years, most often by attending summer sessions and carrying extra courses during the regular academic term.

Admitted student: Applicant who is offered admission to a degree-granting program at your institution.

*Adult student services: Admission assistance, support, orientation, and other services expressly for adults who have started college for the first time or who are reentering after a lapse of a few years.

American Indian or Alaska native: A person having origins in any of the original peoples of North and South America (including Central America) who maintains cultural identification through tribal affiliation or community attachment.

Applicant (first-time, first year): An individual who has fulfilled the institution’s requirements to be considered for admission (including payment or waiving of the application fee, if any) and who has been notified of one of the following actions: admission, nonadmission, placement on waiting list, or application withdrawn (by applicant or institution).

Application fee: That amount of money that an institution charges for processing a student’s application for acceptance. This amount is not creditable toward tuition and required fees, nor is it refundable if the student is not admitted to the institution.

Asian: A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian subcontinent, including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam.

Bachelor’s degree: An award (baccalaureate or equivalent degree, as determined by the Secretary of the U.S. Department of Education) that normally requires at least four years but not more than five years of full-time equivalent college-level work. This includes ALL bachelor’s degrees conferred in a five-year cooperative (work-study plan) program. (A cooperative plan provides for alternate class attendance and employment in business, industry, or government; thus it allows students to combine actual work experience with their college studies.) Also, it includes bachelor’s degrees in which the normal four years of work are completed in three years.

Black or African American: A person having origins in any of the black racial groups of Africa.

Board (charges): Assume average cost for 19 meals per week or the maximum meal plan.

**Credit hour:** A unit of measure representing an hour (50 minutes) of instruction over a 15-week period in a semester or trimester system or a 10-week period in a quarter system. It is applied toward the total number of hours needed for completing the requirements of a degree, diploma, certificate, or other formal award.

**Cross-registration:** A system whereby students enrolled at one institution may take courses at another institution without having to apply to the second institution.

**Deferred admission:** The practice of permitting admitted students to postpone enrollment, usually for a period of one academic term or one year.

**Degree:** An award conferred by a college, university, or other postsecondary education institution as official recognition for the successful completion of a program of studies.

**Degree-seeking students:** Students enrolled in courses for credit who are recognized by the institution as seeking degrees or formal awards. At the undergraduate level, this is intended to include students enrolled in vocational or occupational programs.

**Differs by program (calendar system):** A calendar system classification that is used by institutions that have occupational/vocational programs of varying lengths. These schools may enroll students at specific times depending on the program desired. **Doctor’s degree—research/scholarship:** A Ph.D. or other doctor’s degree that requires advanced work beyond the master’s level, including the preparation and defense of a dissertation based on original research or the planning and execution of an original project demonstrating substantial artistic or scholarly achievement. Some examples of this type of degree may include Ed.D., D.M.A., D.B.A., D.Sc., D.A., or D.M. and others as designated by the awarding institution.
Doctor’s degree—professional practice: A doctor’s degree that is conferred upon completion of a program providing the knowledge and skills for the recognition, credential, or license required for professional practice. The degree is awarded after a period of study such that the total time to the degree, including both preprofessional and professional preparation, equals at least six full-time equivalent academic years. Some of these degrees were formerly classified as “first professional” and may include: Chiropractic (D.C. or D.C.M.); Dentistry (D.D.S. or D.M.D.); Law (L.L.B. or J.D.); Medicine (M.D.); Optometry (O.D.); Osteopathic Medicine (D.O.); Pharmacy (PharmD); Podiatry (D.P.M., Pod.D., D.P.); or Veterinary Medicine (D.V.M.) and others as designated by the awarding institution.

Doctor’s degree—other: A doctor’s degree that does not meet the definition of a doctor’s degree—research/scholarship or a doctor’s degree—professional practice.

Double major: Program in which students may complete two undergraduate programs of study simultaneously.

Dual enrollment: A program through which high school students may enroll in college courses while still enrolled in high school. Students are not required to apply for admission to the college in order to participate.

Early decision plan: A plan that permits students to apply and be notified of an admission decision (and financial aid offer if applicable) well in advance of the regular notification date. Applicants agree to accept an offer of admission and, if admitted, to withdraw their applications from other colleges. There are three possible decisions for early decision applicants: admitted, denied, or not admitted but forwarded for consideration with the regular applicant pool without prejudice.

English as a Second Language (ESL): A course of study designed specifically for students whose native language is not English.

Financial Aid Definitions

**Financial need:** As determined by your institution using the federal methodology and/or your institution's own standards.

2. Non-need tuition waivers
3. Non-need athletic awards
4. Non-need federal grants

6. Non-need outside grants
7. Non-need student loans
8. Non-need parent loans
9. Non-need work
