INTERDISCIPLINARY STUDIES

WEEKLY NEWS 5/26

NOTE FROM DR. RYALLS

With registration well underway for our first SEMESTER, I know some of you have been running into a few minor hiccups. But, there is some good news! If you validate your schedule in Schedule Builder BEFORE trying to enroll, you can see if any pre-req errors might affect you. When you validate your schedule, Schedule Builder will flag any potential issues, including "missing" pre-reqs. If you get a "missing pre-req" message that you think is an error, email claadvising@calpoly.edu with a screen shot of what error message you see. The Office of the Registrar has been able to fix some of these issues quickly, so the sooner we know about the issue, the sooner we are get it fixed (maybe even in time for your registration time).

One issue specific to ISLA involves ISLA 4461: Senior Project. If you are planning to enroll in Senior Project for Fall, you will need a permission number, which I am happy to provide. Just shoot me an email! (eryalls@calpoly.edu)

My office hours are Monday 2PM-4PM, Wednesday 11AM-1PM, and Thursday 10AM-12PM. During these times, we can meet in my office (52-D3) or via Zoom. Please be sure to schedule an appointment: <https://calendly.com/eryalls/dr-ryalls-s-office-hours>. I am also happy to set up other meeting times if you are not able to make these office hours. Just send me an email and we can arrange a day/time.

SEMESTER CONVERSION

A note about Cal Poly's Move to Semesters

Cal Poly will transition from the quarter system to a **semester calendar beginning Fall 2026**. This change will affect several things, including the length of terms, how courses are scheduled, and how students plan their academic year. Instead of three 10-week quarters, the academic year will include **two 15-week semesters (Fall and Spring)**. All students will be taking **semester-based courses starting Fall 2026**, and most students will take about **15 units per semester**.

Because this transition will affect course planning and degree progress, it's a good idea to stay informed and start thinking ahead about your schedule. The **CLA Advising Center** has resources to help you understand what the move to semesters means for you, including course equivalencies and planning tools. Visit the [CLA Advising semester conversion website](#) for updates and guidance, and follow **@CLAadvisingcenter on Instagram** for tips, reminders, and helpful information as Cal Poly prepares for the move to semesters.
