## WEEKLY NEWS 6/2

### NOTE FROM DR. RYALLS

We are in the last week of classes, folks! I hope that you are all hanging in there and finding some time to enjoy this lovely weather.

This Monday, June 8th, will be our second [Short Cuts](#) Screening. This quarter, the event begins at 7PM and will be held at The Palm Theatre. Doors open at 6:30. Hope to see you there!

As a reminder, we have green and white graduation cords for all ISLA graduates. Spring graduates can pick one up from the ISLA Office (Building 52, Office D) on Monday, Wednesday or Thursday between 9 and 4. We'll also bring some to the pre-Commencement ceremony.

My office hours are Monday 2PM-4PM, Wednesday 11AM-1PM, and Thursday 10AM-12PM. During these times, we can meet in my office (52-D3) or via Zoom. Please be sure to schedule an appointment: <https://calendly.com/eryalls/dr-ryalls-s-office-hours>. I am also happy to set up other meeting times if you are not able to make these office hours. Just send me an email and we can arrange a day/time.

### NOTE FROM YOUR STUDENT ASSISTANT, AKSHARA

Hi everyone! I hope you had a great long weekend! This week, I will be working on the ISLA Bulletin Board in the Science 52 Building and tailoring it to ISLA students. I want to showcase the outstanding work of ISLA majors by sharing their senior projects, as well as sharing quotes from ISLA majors on what they love about ISLA! If you would like to participate, please fill out the form [here!](#)

We create these newsletters, run our ISLA social media, and support events throughout the quarter. We are also here as a resource for you — whether you have questions about the ISLA program, need help navigating course selection or declaring a concentration/minor, or want to get more involved in the ISLA community.

# SEMESTER CONVERSION

## A note about Cal Poly's Move to Semesters

Cal Poly will transition from the quarter system to a **semester calendar beginning Fall 2026**. This change will affect several things, including the length of terms, how courses are scheduled, and how students plan their academic year. Instead of three 10-week quarters, the academic year will include **two 15-week semesters (Fall and Spring)**. All students will be taking **semester-based courses starting Fall 2026**, and most students will take about **15 units per semester**.

Because this transition will affect course planning and degree progress, it's a good idea to stay informed and start thinking ahead about your schedule. The **CLA Advising Center** has resources to help you understand what the move to semesters means for you, including course equivalencies and planning tools. Visit the [CLA Advising semester conversion website](#) for updates and guidance, and follow **@CLAadvisingcenter on Instagram** for tips, reminders, and helpful information as Cal Poly prepares for the move to semesters.
