Art Exhibit - LIFELIKE

LIFELIKE, a group exhibition curated by writer, curator and artist Katie Peyton Hofstadter, explores the work of ten artists logging biological, genetic, and behavioral information on a digital ledger, to invoke a conversation about body sovereignty in our technopresent. The exhibition also features an interactive and VR experience, presented by **EPOCH**, and a performance schedule spanning the **Cal Poly University Gallery**, the **San Luis Obispo Museum of Art (SLOMA)** and the **Center for Expressive Technologies (CET)**.

The artists in this exhibition are interested in what it will mean, and how it will feel, to have a body in a future where wetware (living tissue) serves as a foundation for technology, where medical implants monitor not only our hearts and minds, but also our experiences and relationships; and where decisions are made by programs [even their creators](#) do not fully understand. Today, phones harvest information about our bodies and behaviors [by default](#). How does it feel to seek digital connection when our every swipe, movement, and private message is [under surveillance](#)?

Using their own bodies, these artists stress-test the present and near-future, probing how information flows between our biological and virtual identities, and expanding our vocabulary through imaginative scenarios. By bringing a creative lens to the conversation, they invite the possibility that the lab rats might now take back control.

This exhibition expands the ideas put forth in Hofstadter's text, [Bodies on the Blockchain](#) (2022).

The opening ceremony will occur **next Thursday, October 12, 5:30-7:30pm** in the University Art Gallery (Dexter, Building 34). For more information go to the [University Art Gallery web page](#).

Videographer Opportunity at Big Brothers Big Sisters

A note from Madi Walker:

My name is Madi Walker, and I am an AmeriCorps VIP Member at Big Brothers Big Sisters of San Luis Obispo County, a local non-profit in the area! I am reaching out to you with an opportunity for students in ISLA and STS.

In May 2024, we are hosting our annual BIG Event, a fundraising event that raises critical funds and encourages people in the community to become a mentor to an at-risk child in the area. We are currently looking for a Cal Poly student to create a short 4-5 minute film with the guidance of our Development Director. This film will highlight the stories of a few matches in SLO County as a way to show the power of mentorship and encourage more community engagement with our organization that we can share at the BIG Event.

Summer Coding Fellowship Applications Open!

A note from Jaxon Silva: The [Coding it Forward Fellowship](#) is a paid, 10-week summer fellowship that empowers early-career technologists to innovate in local, state, and federal government offices across the United States. They are looking for fellows in roles across cybersecurity, data, design, product, and software to help build a more equitable and effective government for all.

I know that the unique skills and perspectives I brought as a LAES student (and as an ISLA minor) were invaluable to my experience as a fellow, and I know that are valuable to the various federal, state, and local agencies that are trying to achieve some really awesome things. I already know Cal Poly students are doing great work helping their community through things like Seeds in STEM, the CET, or even DxHub; and I've found this program to be a really great way for students to take it further, and know that there are real career pathways for them where the work can be to create a positive change in their communities.

The applications for this fellowship are open until October 29th. They have an [upcoming information session](#) on the 22nd. If you have any questions about the program, please contact jaxonvsilva@gmail.com.

Cal Poly HSI High Impact Mini-Grant Program

<https://diversity.calpoly.edu/cal-poly-hsi-high-impact-mini-grant-program>

Deadline: Nov 30, 2023

Cal Poly strives to be a university that enhances student success by creating a culturally rich environment of diversity and inclusion, academic excellence, and social responsibility. To further our mission of becoming an Hispanic Serving Institution (HSI) that thinks critically and holistically about serving the Latinx/e community, we are excited to announce the Cal Poly HSI High Impact Mini-Grant Program for AY23-24. This program is designed to support initiatives that advance our goals of "servingness" in our efforts to become an HSI. Up to ten mini-grants will be awarded

ranging from \$500 to \$5,000 for projects and programs that demonstrate a strong potential to holistically impact the Latinx/e community at Cal Poly.

Eligibility:

All Faculty, staff, and students at Cal Poly are eligible to apply including individuals, organizations, departments, and units.

Project Focus: Proposed projects should align with [the mission of Cal Poly's pathway to becoming an HSI](#) and center the experiences of the Latinx/e community.

Applicants may apply for mini-grants in the following categories:

Educational Initiatives: Projects that enhance educational opportunities and outcomes for Latinx/e students, such as curriculum development, mentorship programs, or academic support services.

Cultural and Community Engagement: Initiatives that promote Latinx/e culture, heritage, and community engagement on campus, including cultural events, workshops, and awareness campaigns.

Research and Innovation: Projects that support research endeavors and innovations that address issues relevant to the Latinx/e community or contribute to the advancement of Cal Poly's HSI status in STEM, as a Predominantly White Institution, as a CSU etc.

More details here: [here: https://diversity.calpoly.edu/cal-poly-hsi-high-impact-mini-grant-program](https://diversity.calpoly.edu/cal-poly-hsi-high-impact-mini-grant-program)

Baker & Koob Research Grants

Research Grant Applications Open!

Proposals are now being accepted for the Baker/Koob endowments. These funds support Learn by Doing, interdisciplinary research opportunities for students. This year, \$66,000 of anticipated funding is available to fund approximately 20 projects. Proposals are due November 8 and all Cal Poly undergraduate and graduate students are invited to apply. You can find more information on the Office of the Provost website: <https://provost.calpoly.edu/endowments>.

I've attached some images and sample social post text if you would like to share this information with your audiences. Please let me know if you have any questions on this and thank you all for your help in promoting this great opportunity for students!

Student Professional Development Grant

Student Grant Opportunity

The Cal Poly Student Professional Development Fund awards up to \$2,500 in scholarship to eligible students to support career exploration, including conference and seminar travel, attending scholarly seminars or symposiums, participating in research initiatives with faculty, and many other extracurricular opportunities related to your major.

This fund aims to support applicants who demonstrate financial need, as determined by the Financial Aid Office, in attending and participating in a variety of opportunities that could aid their career exploration.
