SUMMER INTERN

Santa Ynez / Santa Barbara, CA · Project-based travel required

Location: Santa Ynez

Contact Name: Jessica Harlin

Contact Email: info@barefoot-design.net

Website: www.barefoot-design.net

Salary Range: \$17/hour

JOB DESCRIPTION

Barefoot Design is a small landscape architecture studio focused on high-end residential work. We are seeking a summer intern to support active projects while gaining direct exposure to professional practice.

This internship is structured to provide experience across multiple phases of work, including design development, documentation, and construction coordination. The intern will work directly with the principal and receive regular feedback and guidance.

RESPONSIBILITIES

- Assist with drafting in AutoCAD or Vectorworks
- Support development of plan sets, details, presentations
- Research plants, materials, and site conditions
- Assist with site documentation and basic field observation
- Coordinate with consultants and vendors
- Help organize files and maintain drawing clarity

LEARNING OBJECTIVES:

- Understand the progression of residential projects from concept through construction
- Develop technical drafting and documentation skills
- Gain familiarity with materials, planting design, and detailing
- Learn how small studios manage workflow, clients and consultants

QUALIFICATIONS

- Currently enrolled in a Landscape Architecture program
- Basic proficiency in AutoCAD or Vectorworks; Adobe Creative Suite
- Mac-based workflow
- Familiarity with Morpholio Trace is a plus
- Detail-oriented, reliable and willing to learn

COMPENSATION

- Paid hourly
- 20-40 hours per week
- 8-12 week summer internship (flexible based on academic schedule)

HOW TO APPLY

Send your resume, portfolio (max 10MB) to info@barefoot-design.net.
