Landscape Architecture Sweden: Floating Village Prototyping Studio

SWEDEN

Floating Village Prototyping Studio

Summer 2024

Session A

June 12 - July 12

In this program we will design and build prototypes for a floating village and will collaborate with students and faculty from Stenby School Craft in the town of Dals Langed, Sweden. Students will gain skills in design, construction and field sketching and learn about Sweden on field trips to Stockholm and Gothenburg and explore this idyllic area in Southern Sweden.

Courses include

LA 490: Landscape Studio (6 credits)

LA 492: Field Sketching (3 credits)
