

CLIENT DESCRIPTION

This garden is designed for a 45-year-old woman who enjoys making pizza. She originally grew up in Italy and was taught the recipes and process of making her family's traditional Italian pizza. She is outgoing and extroverted and her desire is to have a place to retreat from her desk job by having a space to entertain friends and family. This space will allow her to share her food and memories from Italy as well as make new ones with her loved ones.

PROGRAM

- A vegetable and herb garden that includes ingredients used in pizza and other recipes
- A brick oven having strong connections to the kitchen and dining area
- A dining area for 6-8 to prepare and eat homemade traditional Italian pizza
- An intimate seating area including a fire pit to relax after eating a meal or to enjoy the Mediterranean inspired garden

ELEMENTS

- 7' x 3' wooden dining table accommodating for 6 - 8 people
- 5' x 3' brick & stucco masonry oven
- 15' x 2' marble counter space for kitchen
- three 8'x 3' wood planter boxes
- 1'- 6" x 2'- 7" Stainless steel mini fridge for kitchen
- 2' x 1' Stainless steel sink for kitchen
- 3' Concrete fire pit implemented in seating area
- 15'x 6' Concrete water feature
- 17' x 12' wood pergola to provide shade for dinning area

GOALS & OBJECTIVES

GOAL 1: Design a space that provides the equipment needed to make a traditional Italian pizza

1. Provide functional kitchen that allows flows
2. Design a space that provides the equipment needed
3. Provide a herb and vegetable garden that contain ingredients desired for pizza
4. Design a masonry oven for the cooking progress of the pizza

GOAL 2: Host and entertain friends and family

1. Implement a gathering and eating area accommodating for 6 - 8 people
2. Create a space that allows guests to be involved with building their own pizza
3. Design the masonry oven to act as a focal point that will allow guests to engage with the cooking process
4. Include element for comfort such as a pergola for shade and a fire pit for warmth

GOAL 3: Create an Italian oasis to retreat

1. Include relaxing spaces for sitting and lounging
2. Implement Tuscan + Mediterranean flora
3. Provide a water feature for calming sounds
