*Come to the  
info session!*

**when**

**THURSDAY, MARCH 1**

11:10 a.m. - noon

**where**

**BLDG. 52, E46**

Science | Building 52, Room E46

**This program achieves a global comparative approach to study abroad using a ship as its traveling campus and sailing to multiple ports around the world.**

Students take a full load of courses aboard the ship, which is equipped with classrooms, lecture halls, a library, cafeterias, study lounges, fitness center, swimming pool, and more.

During each semester-long program, the ship stops at 10-12 ports around the world, allowing students to have a truly international and global opportunity that is incomparable to any other study abroad experience.
