Mechanical Systems Engineering,
Fabrication, and Test Division
Jet Propulsion Laboratory

Elsa Medina, Ph.D.
Professor
Cal Poly State University

Nora Wheeler
Mathematics Instructor
Santa Rosa Junior College

Friday, January 18, 2019
4:10 – 5 p.m.
Building 38 Room 135

Abstract

Join us for a panel presentation by six Cal Poly graduates who will discuss how a master of science degree in mathematics was the foundation for their current professional lives. The speakers will share insight on how to be prepared for a job in their respective professions. There will be time for questions from the audience. This presentation is for undergraduate and graduate students.

Refreshments before the talk will be at 4 p.m.
in the same room as the talk, Building 38 Room 135.
