The Final Reports will be used to develop a consistently formatted and professional document that will be distributed to ME Department faculty (tenured, tenure-track, and lecturers), the CENG Dean's office, and other stakeholders. In the future, the Final Reports may be posted on a ME Department web page devoted to the Donald E. Bently Center.

Instructions:

1. Please use the template on the following pages to prepare a 1- to 3-page Final Report of your activities resulting from Donald E. Bently Center support.
2. Please note that in the "Publications and other Deliverables", "Student Impact", and "Proposals and other Leverage" sections, "deliverables", "student impact", and "leverage" may be broadly interpreted to include items that you consider to be relevant.
