

Natural Resources Management & Environmental Sciences Department

ERSC/NR/SS 339 INTERNSHIP REQUIREMENTS

Requirement: Due:

Internship Approval Form end of 1st week of Quarter.

Mid-term Summary Report end of 5th week of Quarter.

Final Report last day of classes.

Intern Evaluation Form (Employer) last day of classes.

Mid-term Summary Report This reports should be a minimum of 1 page in length, typed (1" margins, 1.5 spacing, Times New Roman 12-point font). If typing the summary report is logistically impossible, or electronic submittal is an issue, please make arrangements with the Internship Coordinator. The reports are to summarize tasks and other experiences you have had since the previous report. Please include your name in header of the report.

You will submit your summary and final reports electronically via email or course website as directed by the Internship Advisor for that quarter. The NRES Internship Coordinator oversees the Internship Program and supervises the student during the quarter internship is taken. Save electronic reports per the following format: "Report#_YourLastnameFirstname".

For example, "Jane Doe" would submit the following reports:

- MidtermReport_DoeJane
- FinalReport_DoeJane

Final Report: Your final report should be a minimum of six typed (1.5 spacing) pages. Your report should include, but is not limited to:

1. A summary of all your experiences and skills performed, how these experiences relate to classes you have had in the past or plan to take in the future.
2. Skills that you would have liked to have acquired, but didn't, in the internship.
3. How your internship has influenced your career goals.
4. Why your internship was valuable to you. If you feel it wasn't a worthwhile experience, why, and what would have made it better.
5. Reports should include an introduction, the body of the paper, summary or conclusion, and references shown where appropriate.
6. All application materials and reports are to be submitted to the Internship Faculty Advisor for that quarter.

Natural Resources Management & Environmental Sciences Department

ERSC/NR/SS 339 INTERNSHIP INFORMATION

I. What's it all about?

A. Definitions:

1. **Part-time, Internship Program**
An evaluated part time education program of closely supervised work experience in a business, industry, or government facility. The program is designed to acquaint students with actual work situations while the student receives remuneration and/or university credit.
2. **Full-Time, Internship Program**
An evaluated education full-time work experience in a business, industry, or government facility. The program is designed to introduce the student to a particular occupational area during one or more quarters away from classes, and for which the student receives remuneration for University credit.
(Example: Student spends full-time with a business, government, or educational organization).

B. Objectives:

The objective of the NRES internship:

1. Provide educational and work experiences that are directly related to the NRES curriculum and the student's career goals.
2. Develop student awareness of employment demands, responsibilities, and opportunities in the various fields related to Natural Resources Management and Environmental Sciences.
3. Provide career experience while continuing formal education beyond that directly obtainable in a formal classroom setting.
4. Provide an opportunity for the student to apply principles and techniques learned on campus in problem-solving situations and to gain a better understanding of the decision-making and implementation process.

II. Registration:

- **NOTE:** Before a permission number is issued, student must read these guidelines and communicate with the internship coordinator.
- All students register for ERSC 339, NR 339, or SS 339 through PASS.
- All Swanton internships are administered by Dr. Brian Dietterick, Director of Swanton Pacific Ranch. Contact him directly at bdietter@calpoly.edu

III. The Student's Role

The student agrees to work with the participating agency, company, or business for the period of one quarter unless terminated as per agreement provided in this working agreement. The student agrees to conform to normal hours of the business or alternate schedule as decided by the agency, company or business representative. The student may also be expected to attend a few evening meetings at the request of the business.

The student will advise both the Internship Coordinator/Internship Advisor and the industrial representative (supervisor) of his address and phone number while at school and while on the internship, and also any changes in the program. The student shall consult with the Internship Coordinator before taking time off during the internship period if an emergency should develop requiring an extended absence from his assignment.

There may be times when the student will not have a task specifically outlined before him/her. It is the student's responsibility during this period to use his time productively. For example, the student should check with a responsible individual and ask for an opportunity to assist employees in any task in which the student may be familiar or could easily learn.

- A. Am I eligible?
 - 1. Advised to be EESS (including EES, ESS), ENVM, or FNR majors, preferably with junior or senior standing.
 - 2. Undergraduate students are required to have a 2.0 or better cumulative GPA to qualify for an assignment.
 - 3. The student and the NRES internship program must be acceptable to the sponsor, and the sponsor's participation is required. The proposed internship must be approved by the Internship Coordinator.

- B. Do I receive University Credit and a Grade?
 - 1. The number of units is decided upon by the Internship Coordinator.
 - 2. Grading shall be on a credit/no credit basis.
 - 3. Internship credit units in most concentrations will be applied toward free or restricted electives unless required.
 - 4. Note: The length of time spent on an internship can be variable, from one quarter (including summer quarter) to a full year. Internships over multiple quarters should be preplanned with your advisor and Internship Coordinator.

- C. How do I participate?
 - 1. Verify eligibility according to Section III. A.
 - 2. Consult with Faculty Advisor, Internship Coordinator, or others for information on employment opportunities. Discuss how the units will be counted in your program of study.
 - 3. Obtain an intern or seasonal position with an agency, business, or non-governmental organization.
 - 4. Fill out the Internship Approval Agreement and obtain all signatures.
 - 5. Return the Internship Approval Agreement to the NRES Internship Coordinator.

IV. The Sponsor's Role

The agency/industry supervisor should give the student opportunities to work at different tasks and problems during the internship period in order that the student may acquire skills and become familiar with the various phases of the business and/or one specific phase of the business. The various assignments given to the student should involve the student in areas of responsibility and operations compatible with the agreement of the internship. The industry's representative (supervisor) is requested to counsel with the student at various times during the internship so that the student might have an opportunity to question him about the operations the student is involved in. The agency, company, or business firm agrees to notify the university program advisor relative to any problem or disturbance that may arise during the internship.

The employer of a full-time intern may discontinue the internship at any time on one-week notice with a clear statement of the reason for the termination. If the termination is not due to failure of the intern, where academic credit is part of the internship, the intern may be given one unit of credit for each week of completed and reported internship. If the person directly responsible for supervision of the internship student is absent for any period of time, provisions would be made for substitute supervisory assistance.

The sponsor is requested to...

- A. Provide a detailed job description and expectations to insure meaningful broad-based employment of the student with potential benefit for the employer and the student.
- B. Provide the student opportunities to work at different tasks and problems in order that the student may acquire skills and become familiar with various phases of the agency and/or one specific phase of the agency.
- C. Provide appropriate supervision for the student during the contract period.
- D. Pay compensation for work performed as agreed upon with the student prior to beginning the internship unless the sponsor and student agree before work commences that the position is in the capacity of an official volunteer.
- E. Provide protection by insurance, Worker's Compensation, or other essential protection. The agreement with the employer should include a statement of this responsibility.
- F. Notify the NRES Internship Coordinator immediately of any personnel problem that may arise during the assignment.
- G. Complete and forward the "Intern Evaluation" form at the end of the contract period to the NRES Internship Coordinator. This form is available on the NRES website.

V. NRES Internship Coordinator's Role:

The NRES Internship Coordinator should be available (at least by email) while the student is on the internship program. The Coordinator should be ready to assist and supervise the internship program. The Coordinator will strive to promote harmony and coordination between the supervisor, student, and the University.

The NRES Internship Coordinator will...

- A. Provide direction to the student on the educational content of internship assignment.
- B. Evaluate progress reports and provide assistance to the student or sponsor, if needed.
- C. Administer the academic credit for the internship.
- D. Recommend termination of the internship to the Dean of CAFES, with a written statement of sufficient reason for termination.

Natural Resources Management & Environmental Sciences Department SUPERVISOR EVALUATION OF ERSC/NR/SS INTERN

Intern: _____

Date: _____

Evaluation Period: _____ to _____

Sponsor: _____

Please complete this evaluation on the above named intern and submit to:
Internship Coordinator/Advisor, NRES Dept., Cal Poly, San Luis Obispo, CA 93407 by _____
(Last day of classes)

PERFORMANCE RATING SCALE

OUTSTANDING		ABOVE AVERAGE		AVERAGE		NEEDS IMPROVEMENT
