WHAT MAKES CCE DIFFERENT?

This Week of Welcome option seeks to form a community for students who identify as a member of an underrepresented group including, but not limited to: various racial and ethnic backgrounds, gender identities, citizenship, sexual orientations, and economic class.

Cross Cultural Experience (CCE) includes alternative experiences for WOWies such as: fun activities, workshops, discussions, and a multicultural resource fair that centers the voices of underrepresented students at Cal Poly and ensures that as a CCE participant you are connecting to resources and communities that will help you be a successful Mustang!
